

NAVAL ENGAGEMENT IS IN PROGRESS IN FRONT OF PORT ARTHUR

CHE FOO, July 1, 8:30 P. M.—WHAT SHOULD PROVE TO BE A DECISIVE NAVAL ENGAGEMENT WAS IN PROGRESS AT 1 O'CLOCK THIS AFTERNOON, MIDWAY BETWEEN CHE FOO AND PORT ARTHUR. THE STEAMER CHE FOO, WHICH ARRIVED HERE, PASSED WITHIN FIFTEEN MILES OF THE JAPANESE FLEET, CONSISTING OF TWO BATTLESHIPS AND FOUR CRUISERS, ALL ACTIVELY ENGAGED. THE RUSSIAN FLEET WAS NOT SEEN, BUT THE DISTANCE OF THE JAPANESE FROM LAND PRECLUDES THE POSSIBILITY OF ANY ATTACK ON THE LAND BATTERIES. THE CAPTAIN OF THE CHE FOO SAYS HE HEARD A TERRIFIC EXPLOSION, BUT WAS UNABLE TO DISCERN WHETHER A JAPANESE OR A RUSSIAN SHIP WAS AFFECTED. THE BATTLE IS HELD HERE TO CONFIRM THE CHINESE REPORT THAT ONLY FOUR OF THE LARGER RUSSIAN WARSHIPS WERE AT PORT ARTHUR LAST NIGHT.

JAPANESE LOSE FOUR TORPEDO BOATS.

Two Jap Regiments Are Ambushed By Russians and 1,000 Men Are Slain.

LIAO YANG, Thursday, June 30.—(Delayed in transmission.)—Russian advice from Port Arthur says that the Russian Port Arthur squadron, consisting of eleven ships, attacked the Japanese squadron of eighteen ships on June 25, sinking four of the Japanese torpedo boats and inflicting damage on the other vessels. The Russian ships returned to Port Arthur. Not a single large vessel, it is added, was damaged. On the evening of June 25, fifteen miles from Port Arthur, two Japanese regiments, the advice further says, were ambushed by a company of Russian infantry, who allowed the Japanese to approach within 400 yards. The Japanese attacked three times, getting to within sixty yards of the Russians, but each time they were repulsed. Later, being reinforced by two other regiments, the Japanese compelled the Russians to fall back to their fortifications. The total Japanese loss was 1,000 men. The Russian loss at Dain Pass June 27 was eighty men killed. The Japanese losses were heavier.

HE TAKES THE OATH.

Paul Morton is Now Secretary of the Navy.

WASHINGTON, July 1.—Paul Morton was today sworn in as Secretary of the Navy and W. H. Moody, the retiring secretary, took the oath as Attorney-General. Mr. Morton was accompanied by Mr. Moody to the department, where, in the presence of the retiring secretary and Assistant Secretary Darling, the oath was administered by Solicitor Hanna of the Judge-Advocate-General's office. In congratulating Mr. Morton, Mr. Moody said to him that in his confidential

REPORTS BURGLARY.

E. Anderson reports to police headquarters that his home, 3618 Grove street, was entered yesterday by some unknown person and \$10 stolen. At the time of the alleged burglary Anderson says his wife and sister were in the back yard.

JAPS MAKE DESPERATE EFFORT TO CAPTURE FORT.

ST. PETERSBURG, July 1.—The following dispatch has been received at the War Office from General Zinitsky, dated June 30th: "The following reports have been received here, Liao Yang, from Port Arthur: "On June 24th the Japanese displayed great activity at all their outposts and in the hope of recapturing the mountains of War-Tse-Lazi, which had been taken from them, they attacked, but again were repulsed and our troops now occupy the village of Belkhookoon, northeast of Sia Ping Tao. The enemy maintained a heavy fire at long range on our left flank from their squadron, which lies in Tiliwan bay, in full view of Port Arthur. It consists of a cruiser, two torpedo-boat destroyers and seven merchant ships, which evidently brought cargoes into the bay. "On the night of June 24th, the Japanese torpedo-boats approached the fortresses and at 4 a. m. on June 25th the enemy began to cannonade from their vessels in Sia Ping Tao bay, directing their fire against the whole coast towards the north, from the bay mount Uit-Selo, and then attacked great force, firstly, height No. 131, and, height No. 126. The latter were attacked by a detachment landed for this purpose. These two heights were held by men, who, after driving off attacks with heavy losses, re-

turned, and being pressed by the enemy, sought refuge on the heights of Loun Van Tian. The enemy attacked this position in great force, employing at least a division, but all the assaults were repulsed. "At 3:30 p. m., the Japanese appeared at the Port Arthur road in great strength and attacked Kwin Shan. "The riflemen who held the height with two battalions retired. The Japanese turned them from the rear, losing heavily in the manoeuvre. Our torpedo-boats were of some assistance to us, advancing on Loun Van Tian and bombarding the coast occupied by the enemy. "Our losses were seven officers and about 200 soldiers killed or wounded. Our mines exploded at the proper time, blowing up at least fifty Japanese. Their losses were evidently considerable. "According to the latest advice, large columns of the enemy are marching from Dainy toward the village of Suan Tsan Hon and Khouint mountain. "On June 27th there was a fusillade at the Japanese outpost, due to the Japanese establishing themselves on our boats proceeded yesterday toward Loun Van Tian and bombarded the shore. "Yesterday evening the forts and batteries at Port Arthur opened fire on the Japanese torpedo-boats."

DELEGATES FREEDOM IS AT STAKE. NOT YET APPOINTED

Congressional Committee Defers Action Until Next Meeting.

Matter Discussed at the Session This Afternoon.

The Republican Congressional Committee of the First Congressional district met this afternoon at 1:30 o'clock in Judge Quinn's courtroom. The chair was occupied by Chairman W. G. Henshaw of Oakland. The following members were present: Forty-sixth Assembly district—C. L. Crellin, Pleasanton, by W. G. Henshaw. Forty-seventh Assembly district—Dr. C. L. Tisdale, E. E. Johnson, Alameda. Forty-eighth Assembly district—Frank Barnes, Red W. Church, Oakland. Forty-ninth Assembly district—Morris Flynn. Fiftieth Assembly district—Everett Brown. Fifty-first Assembly district—George D. Metcalf, Berkeley; W. G. Henshaw, Oakland. Solano county—H. F. Stahl, W. L. Crooks, by proxy of Dr. Tisdale. Contra Costa county—John Bermingham, by proxy of Judge W. S. Wells; James Stow. State Senator J. R. Knowland of Alameda, who is a candidate to succeed V. H. Metcalf as a member of Congress, was a spectator. The absentees were J. H. W. Riley of Fruitvale, Fifty-first Assembly district, and W. H. Chickering of the Forty-ninth Assembly district. Secretary Everett Brown read the minutes of the last three meetings and the record was approved. The proxy of Member Bermingham to Judge Wells, was approved by the Committee on Proxies appointed at the last meeting and was endorsed by the main committee. Secretary Brown said that the purpose of the meeting was the appointment of delegates to the Congressional Convention, from the outlying sections in the Congressional District in which the primary law is not mandatory. The committee, he declared, had from the present time up to August 16th in which to make such appointments. He did not know, he said, whether or not the committee men had come prepared to name the delegates in question. On motion of George D. Metcalf, the committee went into executive session, to consider the subject of such appointment. After a session behind closed doors of ten minutes, the committee resumed its open meeting. Dr. Tisdale moved that the committee adjourn subject to the call of the chair and the motion prevailed. Chairman Henshaw stated to the reporters that the committee had decided upon a number of delegates from the outlying districts but that the full quota of such delegates had not been agreed upon and that no names would be given out for publication until the entire delegation had been appointed which appointment would take place before long and would be announced at the next meeting of the committee which would be soon called.

Scorching Opinion of Minority in the Moyer Case.

Judge Declares Liberty of the People is in Danger.

DENVER, Colo., July 1.—Justice Robt. Steele of the Colorado Supreme Court today filed his opinion dissenting from the majority in the case of Chas. Moyer, president of the Western Federation of Miners, when he was held as a military prisoner at Telluride by order of Governor Peabody. The opinion, containing nearly 10,000 words, deals extensively with the situation created in this State, by military rule, and cites a mass of authorities to show that only the legislature can suspend the writ of habeas corpus. THE CONSTITUTION. Justice Steele says in part: "No person who has the slightest claim to respectability should hesitate to approve the action of the governor in enforcing the law, and I am willing to uphold him and to applaud him so long as he keeps within the lines of the constitution. But, I am not willing to uphold him when, in my opinion, he breaks down the barriers erected by the people for their protection, nor am I willing to accord to the constitution elastic properties for the purpose of sustaining him, nor to join in the establishment of a precedent which will not apply to other classes or other conditions when another governor undertakes to exercise the same arbitrary power. HAD NO POWER. "I am not willing to concede the power claimed by the governor and exercised by him, because, in my opinion, such power is not vested in him by the constitution. He never could have intended to erect such an engine of oppression. "It follows, of course, that if the present executive is the sole judge of the opinions which can call into action the military power of the government and can exercise all means necessary to effectually abate the conditions and the judicial department, cannot inquire into the legality of his acts, that the next governor may by his own exercise of the same arbitrary power, if the military authority may deport the miners this year it can deport the farmers next year. REBELLION. "If a strike, which is not a rebellion, must be so regarded because the governor says it is, then a condition must be regarded as a rebellion which the governor declares to be such, and if any condition must be regarded as a rebellion because the governor says so, then any county in the State may be declared to be in rebellion whether rebellion exists or not, and every citizen subject to arbitrary arrest and detention at the will and pleasure of the head of the executive department. We may then, with each succeeding change in the executive branch of the government, have class against class and interest against interest; and we shall depend for our liberty, not upon the constitution, but upon the grace and favor of the governor and his military subordinates. ABLY ARGUED. "In no other case presented to this court have principles so important and far-reaching been involved. It was elaborately and ably argued, and the position of counsel was clearly defined, yet the court has evaded the fundamental questions presented and has based its decision upon theories long ago determined false and statements to be illogical and false. "On the part of the petitioner it was urged that he was illegally restrained of his liberty, that a court of competent jurisdiction had ordered him released on habeas corpus and that a military authority had refused to release him and had refused to permit the civil authorities to serve process upon him. "On behalf of the military officers, it was said that they had been ordered by the Governor not to release upon writ of habeas corpus because he considered the vicinity in a state of rebellion. "As these propositions strike at the

JAPANESE MAKE A DESPERATE ATTACK ON THE ENEMY.

BRINGING A CAPTURED SPY INTO THE JAPANESE LINES.

Mikado's Men Blown Up By a Mine—Fighting All Along the Line—Kuropatkin Again Refuses to Fight

MUKDEN, Thursday, June 30.—(Delayed in transmission.)—Heavy fighting is reported to have occurred near Port Arthur, June 25th, resulting in the Russian withdrawal from Guin San Shan after severe losses on both sides. The Japanese fleet approached Sia Ping Tao, midway between Port Dainy and Port Arthur, on the morning of June 26th, and bombarded the coast north of the bay as far as Uit Selo Shan. Strong Japanese forces which had been landed then attacked the heights, which were occupied by Russian riflemen. Three times the Japanese were driven back with heavy losses, but the Russians were forced to retire from their main position near Guin San Shan. The Japanese reinforced their advance guard and pressed the attack. After several fruitless assaults on Guin San Shan, the Japanese commander sent a strong column to Port Arthur with the object of turning the Russian left, forcing the Russians to retire. The Russians lost seven officers and nearly 200 men killed. The Japanese losses are believed to be much larger, as during the battle they passed over a mine which the Russians successfully exploded.

CHE FOO, July 1.—A party of Russians and Chinese arrived here today by junk direct from Port Arthur, having left there yesterday. They report that for several days shells from both land and sea have been falling in town but doing little damage. The Russians who resisted the advance of the Japanese suffered heavily. Many dead and wounded men have been brought to Port Arthur. The hospital there is overcrowded. It is difficult to obtain correct information in regard to the condition of the fleet. The Russians maintain that with the exception of the battleship Sevastopol, they received little damage. A Chinese who left Port Arthur yesterday says there are only four Russian warships, cruisers and battleships in the harbor and none outside. The opinion prevails that the faster ships succeeded in eluding the five Japanese

tenant-Burukoff, which was saved only by her speed. A boat which arrived here from Shanghai last night reported that a Japanese torpedo-boat destroyer was outside the entrance of the river, which may mean that she will come in and engage both the Lieutenant Burukoff and the gunboat Slouch. SHELLS FALLING ON PORT ARTHUR. (Continued on Page 3.)

TALK OF PEACE.

Matter is Being Discussed in Diplomatic Circles.

BERLIN, July 1.—The question of mediation between Russia and Japan on behalf of peace continues to be discussed in diplomatic circles here. The Telegraph quotes the utterances of an unnamed diplomatist having close relations with Japan as saying that Japan is disposed to accept the mediation of some friendly power, and would propose peace conditions that Russian could accept. Conditions could be framed easily since Japan does not seek territorial acquisitions in Manchuria, but only wants the preservation of her commercial interests there and a certain influence in Korea. Having already substantially improved her moral position with European powers through the victories hitherto won, Japan would gladly utilize the situation thus created for establishing peace before Russian reinforces her Manchurian army too strongly. This diplomatist further argues that Russia, after having gained one important victory, would consent to mediation because the war has demonstrated that she is unable to cope with Japan with her existing reorganization and rearmament before renewing the struggle.

WATCHES THE JAPS.

Kuropatkin Tells the Czar That Rains Have Started.

ST. PETERSBURG, July 1.—The Emperor has received the following from Gen. Kuropatkin, dated June 30: "Torrential rains fell in the Ta Tehe Kiao district June 28 and on the roads from Ta Tehe Kiao to Sia Ping Tao, inundating our bivouacs. The Japanese are advancing slowly in different directions toward our east and south fronts. "On the south the Japanese are advancing eastward with the object of effecting a junction with Kuropatkin's army. "It has been ascertained by a reconnaissance in the direction of Dain Pass that the Japanese have retired some distance from the positions recently occupied by them. Their covering forces, consisting of several companies, retired after a short fusillade. "A report from the direction of Feng Wang Cheng June 29 announced that an energetic advancement of the Japanese forces had been directed towards Wan Fan Hun and the Lin Ho Sin Pass. "The rains continue. BINGHAM WILL RETIRE. WASHINGTON, July 1.—President Roosevelt today directed the appointment of Col. Theodore A. Bingham as a brigadier-general. The appointment is to take effect July 6, when Gen. Bingham will retire.

AND FOR SCHOLARS.

Coveted Awards are Made at the University of California.

BERKELEY, July 1.—In following out the State's policy of giving scholarships to worthy and ambitious students that they may be enabled to gain a college education that would otherwise be impossible, the following appointments for the coming year have been made:

First Congressional District—Maude Nescho Chidester, Sophomore, Social Sciences, Fortuna; William John Cooper, Junior, Letters, Red Bluff; Anna Henrietta Solomon, Senior, Social Sciences, Eureka.

Second Congressional District—Frances Combs, Sophomore, Social Sciences, Santa Rosa; Elsie Evelyn Duffy, Sophomore, Social Sciences, San Quentin; Richard Clayton French, Junior, Social Sciences, Healdsburg; Walter Leroy Huber, Senior, Civil Engineering, Grafton.

Third Congressional District—Spencer Cochran, Brother, Junior, Mining, Oakland; Elsie Henrietta Martin, Junior, Letters, Oakland; William McKee Whitton, Senior, Mining, Oakland.

Fourth and Fifth Congressional Districts (together)—Alice Maybin Chapman, Letter, Fifth District, San Francisco; Weldon Bagster, Junior, Sophomore, Mechanics, Fourth District, San Francisco; Edna Louise Ecker, Senior, Social Sciences, Fifth District, San Francisco; Joseph Blum, Junior, Social Sciences, Mechanics, Fifth District, San Francisco; Ida Gertrude Iham, Senior, Letters, Fifth District, San Francisco; Kate Navin O'Neil, Sophomore, Letters, Fifth District, San Jose; Olive Queen Thomas, Senior, Natural Sciences, Fifth District, San Francisco.

Sixth Congressional District—Emma Jane Bowen, Senior, Social Sciences, Santa Cruz; Eugene Francis Alving, Junior, Senior, Mechanics, Stockton; Mary V. Dolanmeyer, Senior, Social Sciences, Watsonville; Thomas Talbot Waterman, Sophomore, Social Sciences, Fowler.

Seventh Congressional District—John Fletcher, Sophomore, Social Sciences, Covina; Florence Holman Fortson, Senior, Social Sciences, Los Angeles; Ralph Thomas Misher, Senior, Mining, Pomona; Mabel Keturah Paul, Junior, Social Sciences, Pomona.

Eighth Congressional District—Dorcas Bartlett Asher, Sophomore, Social Sciences, El Cajon; Nina Agatha Beebe, Junior, Social Sciences, Corona; Augustus Griffin, Junior, Civil Engineering, Visalia.

HERE TO ATTEND THE SUMMER SCHOOL

BERKELEY, July 1.—A. W. Stampfer, a former teacher in the Berkeley High School, but now a member of the Chico State Normal School faculty, is attending the State University summer school.

Mr. Williamson of Chico is here attending the summer school.

Muir McKelvey is spending his summer vacation at the Columbia Theater in San Francisco.

John M. Behlendorf, a prominent graduate of the University whose home is in the Southern portion of the State, is here to spend his vacation.

Burlington Carlisle has been returned from a camping trip in Mendocino county.

H. A. Overstreet, instructor in philosophy at the University, has been returned from his vacation.

Sydney Meyer will leave Tuesday for a business trip through the Sierra Nevada.

Charles Monson will leave about the middle of the month to spend his vacation at Rio Vista.

George W. Peckham was in Santa Cruz recently.

GRADUATE ELECTED AS CITY ATTORNEY.

BERKELEY, July 1.—Herman Miller formerly of the University of California and later a graduate of the law department of Ann Arbor, has been elected City Attorney of Visalia, his native town. The successful young candidate is particularly bright in his chosen profession and was popular at college.

MECHANICAL PIANO PLAYER IS USED.

BERKELEY, July 1.—Because he could not find a pupil with a repertoire large enough to illustrate his lectures, Professor A. G. Stanley, who is giving a course in music at the University summer school, has been compelled to use a mechanical piano player for his lectures.

GOLD SEAL
Has the Sparkling Bead and Aroma Possessed by No Other Wine.
America's Favorite
CHAMPAGNE
Special Dry—Brut

Surprisingly fine in bouquet and flavor and made by the French process from the choicest grapes grown in our vineyards, it equals any of the foreign products at one-half the price. Why pay a heavy import duty on labels?

URBANA WINE CO., Urbana, N. Y., Sole Maker.

THEO. GIER CO., DISTRIBUTOR.

WRITES HOME.

H. B. Griffith Tells of Government Work in Nevada.

BERKELEY, July 1.—Hansford B. Griffith, a Berkeley attorney, writes the following from Reno, Nevada, regarding the great reclamation work now going on in that State and the installation of the irrigating systems in the arid regions.

"Thinking some of the Berkeley people may be interested in the great reclamation work now being prosecuted in Nevada under the supervision of the United States Government, I take this opportunity to say a few things about the greatest irrigation scheme conceived of by any people. The main canal will be about one hundred miles in length and the lateral ditches will be fifteen miles in length.

The main canal is thirteen feet wide at the bottom, fifty-seven feet at the top, and thirty feet deep. The Truckee river is tapped at Overton, being about twenty miles from Reno, in an easterly direction.

It is expected that three hundred and seventy thousand acres of land will be reclaimed and that there will be water in great abundance to irrigate the same. I had the pleasure of going over the system with L. H. Taylor, the chief Government Engineer, who has charge of the construction work, and was amazed at the timeliness of the man who had thought out and undertaken such a vast and extensive scheme.

The honor is first due to Senator Newlands, who initiated the plan, backed by President Roosevelt who gave him support and signature to the bill. I have never seen a more progressive people and a more fertile country. The soil will produce under irrigation most fabulous crops and the country has the most magnificent future before it.

There is great activity in the mines, and the people seem most abundantly supplied with money. No young man can make a mistake in coming to this country and acquiring a homestead. The land can be had for nothing and will be worth from fifty to one hundred dollars per acre as soon as the canal is completed."

PROFESSOR WARD INVESTIGATES ROUP.

BERKELEY, July 1.—Professor A. R. Ward, professor of veterinary science and bacteriology in the University of California, has returned from Tetahuma, where he has been making experiments looking to the eradication of poultry roup from the State. Professor Ward treated 250 chickens during his trip and found that the greatest success resulted from injecting the birds into the nostrils of the fowls.

Roup swells the heads of chickens and is supposed to be brought on by colds.

THIEF AT WORK.
BERKELEY, July 1.—For several days a thief has been systematically pilfering rooms of the Atherton Hotel and thus far has been clever enough to avoid all traps that have been laid for his detection. His tricks have consisted of the personal effects of the guests of the hotel and in some instances the loss has been quite heavy.

One of the heaviest losses is J. M. Tracy, who lost a new suit of clothes, shoes and other articles. The suit was replaced for less than \$75. From E. Cameron's room a valuable gun was taken. In his case the robber placed Cameron's revolver and all other portable things of value that he could lay his hands on.

C. H. Hart is minus a new coat, shoes and other things that will figure up \$50. Other guests have lost gold watches, rings and trinkets.

DECOTO PERSONALS.
DECOTO, Ariz., July 1.—Miss Helen of Oakland spent Saturday with her aunt, Mrs. Hayes.

Henry May was a Kern county a few days this week on business.

Joe Hannes left for West Point, California county, Wednesday on a month's vacation.

Mr. and Mrs. Louie of San Francisco and Mr. and Mrs. Ralph of Decoto drove to Alum Rock Park Sunday, spending the day with C. C. and Annie Williams. The contract price is \$1,500 and the plans are by the owners. It is to be finished by the last of September.

Three two-story dwellings are to be erected at the corner of Alcatraz avenue and King street for William Oeffmann and Fred Grosse by J. E. Hinrich and Fred Flor. The plans were drawn by Hinrich and the houses are to cost \$50,000, with the exception of the painting, masonry and gas-fitting. They are to be completed by October.

Contractor W. G. Brett is to build a two-story frame dwelling on Carlton street near Fulton street for E. C. and Annie Williams. The contract price is \$1,500 and the plans are by the owners. It is to be finished by the last of September.

R. R. Bixby, as contractor and architect has just finished a handsome twenty-four room residence on Durant avenue, just west of Telegraph avenue for F. H. Lawton, the well-known real estate man. The dwelling is said to be one of the most artistic in Berkeley, and is very handsomely fitted up inside. The rooms are large and spacious. The reception hall, a handsome room, is 17x19 feet, while one of the double parlors is 19x22. The dining room is 14x18 and is a pretty room. The lower floor is finished in Oregon pine and the upper floor is redwood. Large windows are plentifully distributed about the house. It has been rented for a number of years.

Contractor John E. Bigelow has just started work on the twelve-room Bate on Vine street for Mr. Chase, the Berkeley capitalist.

Wear TAFT & PENNOYER Wear

on the

FOURTH

There are good reasons in plenty for donning Taft & Pennoyer's wearables for the coming holiday. Taft & Pennoyer's customers know these reasons by rote, but for you who want to be Taft & Pennoyer's customers, we'll repeat them. First comes "quality." Taft & Pennoyer means quality—honest worth—the best at the price.

Special Fourth of July Sales

Gloves for the Fourth

Shirt waist gloves of silk and lisle in white and black—bone buttons—black and white stitching . . . 25c

Double tipped silk gloves in modes, tans, gray, pearl, pongee, black and white. Special value . . . 50c

Washable glove knit gloves in white only—Paris point stitching—the famous Centimeter make . . . \$1.75

Belts for the Fourth

Black silk crush belts with nickel buckle—regular 35c—Fourth of July special at . . . 25c

Black postillion belts with oxidized silver buckles and mountings—regularly 60c—reduced to . . . 25c each

Crush belts of morocco leather in black, blue, green and red—reduced from \$1.75 and \$2.00 to . . . \$1.00 each

Neckwear for the Fourth

Taffeta stocks and bows in red, lavender, blue, black and white—reduced from \$1.50 to . . . 25c each

Embroidered lawn stocks and bows—reduced from \$1.00 to . . . 25c each

Mercerized white wash stocks and bows, trimmed with Persian applique—regularly 60c and 75c—Fourth of July special . . . 25c each

Veils for the Fourth

Chiffon drape veils in black and white—reduced from 75c, 85c and \$1.00 to . . . 50c each

White chiffon veils with colored borders—reduced from \$1.25 and \$1.50 to . . . 75c each

Chiffon automobile veils in brown, blue and black embroidered in colors . . . \$2.00 each

Waists for the Fourth

A pretty waist of white lawn—front trimmed with a strip of embroidery insertion, edged with hemstitching and flanked by two broad hemstitched tucks on either side—back tucked—lacy stock and cuffs. Special Fourth of July price—75c

Waist of dark blue percale dotted in white. A yoke effect is given by stitching in white and the whole is set off with a fancy stock of white pique. Reduced from \$1.50 to 95c each

Dainty waist of white percale with polka dots and stripes in black. Below the yoke, the front and back are laid in small plaits. Reduced from \$1.75 to \$1.25

Fine white lawn waist—front of all-over embroidery in black and white—back tucked—stock and cuffs of black and white embroidery. Reduced from \$3.00 to \$2.00

Waist of light weight white cheviot—front formed of tucks alternating with heavy Cluny lace insertion—lace stock. Reduced from \$3.00 to \$2.00

Waist of fine P. R. in lawn—body composed almost entirely of fine tucks and embroidery—top of sleeve finely tucked and finished with an edge of heading. Embroidered turn-over stock and tucked and embroidered cuffs. Reduced from \$5.00 to \$3.50

Children's Dresses for the Fourth

Sailor suit of blue duck—blouse has full sleeve and breast pocket. Shield and collar are trimmed with folds of blue, piped in white. Skirt has five gores and is finished with blue folds and piping. Reduced from \$1.25 to 75c

White pique skirt with five gores—each seam is attached and there are six corded tucks above the hem. Price \$2.00

BROADWAY

TAFT & PENNOYER

FOURTEENTH ST.

SPENDING BIG SUM.

Thousands of Dollars Going Into Berkeley Dwellings.

STUDENT HONORED.

O. W. Peterson Appointed on Geological Survey.

BERKELEY, July 1.—Signal honor has come to Otto W. Peterson, a member of the last graduating class of the State University who has been appointed a member of the State staff of the Geological Survey. Young Peterson took his degree in civil engineering and has been assigned work in river gauging.

At various meteorological stations on the important rivers of the State the young man takes regular observations to determine the flow of the river.

RETURNS AS DOCTOR.

Dr. Saul Epstein is at the State University.

LAY MUNICIPAL LEAGUE PLAN OVER.

The Fire and Water Committee of the Council last night laid over the project of the Municipal League to obtain a municipal water supply by boring wells in the city limits.

Chairman Wallace stated there was nothing to be gained by taking up that proposition, especially in view of the fact that the San Francisco Board of Supervisors had passed a resolution asking the cities around the bay to co-operate in securing an abundant water supply.

IMPROVING THE SERVICE.

NEW YORK, July 1.—About 25,000 new life preservers are estimated to have been put in service on New York excursion boats since the Slocum disaster. All the manufacturers are working overtime and the preservers are being added to the boat equipment at the rate of 1000 to 1500 a day. Re-inspection ordered by the Federal officials will begin within a few days.

TEA
This is a better country because we are in it—tea country.
And that sn't all.

SPENDING BIG SUM.

Thousands of Dollars Going Into Berkeley Dwellings.

STUDENT HONORED.

O. W. Peterson Appointed on Geological Survey.

BERKELEY, July 1.—Signal honor has come to Otto W. Peterson, a member of the last graduating class of the State University who has been appointed a member of the State staff of the Geological Survey. Young Peterson took his degree in civil engineering and has been assigned work in river gauging.

At various meteorological stations on the important rivers of the State the young man takes regular observations to determine the flow of the river.

RETURNS AS DOCTOR.

Dr. Saul Epstein is at the State University.

LAY MUNICIPAL LEAGUE PLAN OVER.

The Fire and Water Committee of the Council last night laid over the project of the Municipal League to obtain a municipal water supply by boring wells in the city limits.

Chairman Wallace stated there was nothing to be gained by taking up that proposition, especially in view of the fact that the San Francisco Board of Supervisors had passed a resolution asking the cities around the bay to co-operate in securing an abundant water supply.

IMPROVING THE SERVICE.

NEW YORK, July 1.—About 25,000 new life preservers are estimated to have been put in service on New York excursion boats since the Slocum disaster. All the manufacturers are working overtime and the preservers are being added to the boat equipment at the rate of 1000 to 1500 a day. Re-inspection ordered by the Federal officials will begin within a few days.

TEA
This is a better country because we are in it—tea country.
And that sn't all.

CO-OPERATION

IS THE HAND WRITING ON THE WALL

A membership in the CALIFORNIA CO-OPERATIVE MEAT COMPANY costs you \$10.00.

A shareholder and customer can buy from us at cost.

Our beef, pork, sheep, lambs and calves are slaughtered on the Bald Eagle Ranch of C. McHenry in Stanislaus county, and are shipped here in cold storage cars, thereby avoiding the bruising and over-heating attending the shipment alive in cars.

Our pork is grain fed, and is not handled by Chinese. Give our meats a trial. Order by phone from:

The Seventh Street Market, No. 457 Seventh street. Phone Main 910.

Fulton Market, No. 877 San Pablo avenue. Phone Lake 346.

Empire Market, No. 617 East Twelfth street. Phone Brook 1771.

Main office and cold storage depot, Produce Exchange Building, No. 323-325 Twelfth street. Phone Main 902.

THE GLORIOUS 4th

Get a Good Pistol in Good Time

Nothing can curb American enthusiasm nor should anything be permitted to curb it. We imagine that there was plenty of noise and enthusiasm 123 years ago and there is surely just as much cause for it now as then.

We have pistols that are perfectly safe and that make lots of noise when used with our blank cartridges.

JEFFRIES KNEE COST HIM \$10,000.

Champion Will Leave on Crutches Tonight For His Home in Los Angeles.

The princely sum of \$10,000 is the fortune James J. Jeffries, champion of the world, says that his bad knee has cost him. Had the fight with Miner Jack Munroe not been postponed this is the sum which the soldiermaker would have been in, in actual cash, not counting what he would have received either from the winner's or loser's end of the purse.

If Jeffries can get accommodations on the Owl train tonight he will leave for his home in Los Angeles. He will spend ten days or more there. He will arrive in his home town like anything but a champion. He will be compelled to walk on crutches. This is the order of the doctor, who says that Jeffries must hobble around like the victim of a street car accident for at least ten days.

The big champion is much disgusted at the state of affairs. It is now ten

days since he had his clothes on, he having been in bed that length of time. He naturally wishes to stretch a little but the crutches will prevent that.

According to the program mapped out by Jeffries and his advisors, he will remain in Los Angeles until the opening of the new season. He will then leave for San Francisco and from there, giving the bad knee ample time to mend. After that he will begin training.

Dr. W. S. Porter, who attended the champion, is of the opinion that the champion's knee will, with care, come out all right.

In estimating his losses, Champion Jeffries figures it out something like this: Actual loss in training expenses, \$4000; loss of two months' management of the St. Louis exposition, \$4000; four months' contract, \$2000; loss of expenses, gifts and don'ts, \$1000; the latter is a mistake, as he and his manager have found his way to Munroe's camp.

HOW WE GROW.

Excellent Showing Made in Oakland During Year.

During the last year there were 753 buildings constructed within the city limits of Oakland.

The list of buildings is as follows: Churches, 2; halls, 1; hospital, 1; theaters, 1; banks, 1; factories, 2; private dwellings, 505; stores and dwellings, 21; additions, 66; new work in old buildings, 16; warehouses, 1; flats, 135.

This is a record, according to Sanitary Inspector C. M. Smith, who says that the preceding years give assurance that Oakland is just entering her prosperous era and will continue to grow at a rapid rate.

WAR NEWS

(Continued From Page 1)

warships maintaining the blockade. The Chinese confirm the previous report that a large ship is ashore south-east of the Liao Ti Shan promontory. The Japanese have completed two small forts ten miles of Port Arthur.

JAPANESE ARE NEAR LIAO YANG.

LIAO YANG, June 30. (Delayed in Transmission)—A Japanese army is reported to be within 35 miles of Liao Yang.

Southeast of Hai Cheng on the Yu Yuen road the Japanese have withdrawn from the position from which they recently drove the Russians after five days' continuous fighting. General Mischenko reports that his cavalry has been experiencing the effects of lyddite shells from the Japanese naval guns which the latter are now employing in the field.

OPPOSES THE IDEA OF BIG BATTLE.

ST. PETERSBURG, July 1.—8:30 a. m.—The military critic of the Russ, who is usually informed, strongly opposes the idea of a big battle before the end of the rainy season. He expresses the opinion that the Japanese only wish to procure possession of the Liao Yang peninsula.

The critic considers the movements of the Japanese north, across the Pen Shui range, as being simply a diversion to facilitate the taking of Kai Chou, and he declares that Kai Chou will not be surrendered without a fight.

But, he adds, it will not have a decisive character.

The critic further predicts that General Kuropatkin will adhere to his plan to withdraw northward to his main position at Liao Yang and await the end of the rainy season. He seems to assume the success of the Japanese plan of a combination of the first and third Japanese armies and the isolation of the peninsula.

RUSSIANS KEEP BUSY RETREATING.

LIAO YANG, July 1.—The Chinese say the real rainy season has begun. The roads in some places are absolutely impassable. During the march of one division a man was drowned and many others barely escaped the same fate. A number of horses were lost in the swollen streams.

Frequent railroad washouts have increased the difficulty of transportation. However, a decisive battle is still regarded as possible within the next few days in the northeast region between Hai Cheng and Kai Chou, where the place.

RUSSIANS ARE NOW REJOICING.

ST. PETERSBURG, July 1.—There was considerable rejoicing in the Russian capital at today's reports from the theatre of war.

From the headquarters at Mukden, came the positive statement, made apparently on direct news from Port Arthur and probably brought by the torpedo boat Lieutenant Burkoff to Newchwang, that none of the big Russian warships sustained any damage during the Japanese torpedoes' attack of June 23 and June 24. Also came the report that the Japanese have lost a thousand men in a land fight before Port Arthur.

From Liao Yang came two separate reports that Major General Mischenko had dealt the Japanese advance from Liu Yen a severe blow by recapturing Dain Pass, which was lost June 27.

One of these reports, dated yesterday, says General Mischenko has been inflicting loss on the Japanese for several days, capturing three guns and an ammunition train. Not any of these reports are official.

The statement of a war correspondent that a Russian officer told him he would rather fall a victim to Japanese bullets than to Jew surgeons has created a considerable indignation here, the Novosti denouncing it as a vile and gratuitous calumny, citing the exploits of two Jew surgeons, Drs. Bouzert and Behrmann, who, again, according to official reports, bandaged 600 wounded men on the field of battle and the case of Al. Mansharoff who refused them, only under a hail of bullets.

FORM RELIGIOUS PRESS CORPORATION.

A copy of the articles of incorporation of the Pacific Press Publishing Association of Mountain View, Santa Clara County was filed with the County Clerk today, a number of the directors of which are residents of this city. The directors are W. T. Knox of Mountain View, C. H. Jones, M. C. Wilcox, E. A. Chapman, W. B. White and H. H. Hall of Oakland and A. S. Kellogg of Heidelberg.

There is no capital stock, the corporation being a religious one and is formed for the purpose of furthering, extending and disseminating religious and moral instruction and to print and publish all kinds of literature in all languages and countries.

MINER'S OFFICIAL IS ACQUITTED.

CENTRAL CITY, Colorado, July 1. J. E. Chandler, former financial secretary of the Idaho Springs Miners' Union, a branch of the Western Federation of Miners, was today acquitted by a jury of the charge of arson and malicious mischief in connection with the dynamiting of the Sun and Moon transformer mine in 1903. His trial began on June 23d. Two other men are awaiting trial on the same charge.

At the previous trial on the charge of conspiracy in connection with the Sun and Moon explosion, Chandler and a number of other members of the Idaho Springs Union were acquitted.

CARDINAL MAKES OFFICIAL VISITS.

ST. LOUIS, July 1.—Cardinal Sotolli made an official call at the different pavilions at the Fair Grounds today. He was accompanied by Archbishop Glennon, of St. Louis and both were given their brilliant state regalia. They were accompanied by a committee of which Adelbert Strubel, Austrian Commissioner-General to the Fair, was chairman. At all the State buildings they were received in state and remained about twenty minutes at each.

West Berkeley Man Held Up By Masked Robbers.

BERKELEY, July 1.—The thugs who have been operating in West Berkeley for some time past secured another victim last night but got only \$2 for their trouble. Three masked men held up Gil Martin, an employee of the West Berkeley Ink factory at the corner of Fourth and Delaware streets and after knocking him insensible rifled his pockets. The hold-up occurred shortly after midnight. Gil Martin and Antoine Ehrhart, who work at the West Berkeley ink works, were on their way home together. Ehrhart was armed, but his companion carried no weapon. Ehrhart left his friend at the corner of Fifth street where he lives.

"I had hardly gone half a block further," said Gil Martin today in telling of the assault, "when I was confronted by two masked men who showed revolvers in my face. I was just going to cry for help when one struck me a stunning blow. After that, I remember nothing. When I regained consciousness some time later I found myself alone on the sidewalk bleeding from the head. The robbers had fled and my pockets were turned inside out and the \$2—all the money I had was gone. I managed to make my way home alone as no one was around at that time or the night to assist me."

Gil Martin bears the marks of the assault to which he was subjected. So far the police have no clue to the perpetrators who held him up.

OVATION GIVEN TO SATOLLI.

CARDINAL PRESENT AT MEETING OF EDUCATORS AT ST. LOUIS.

ST. LOUIS, July 1.—The National Educational Association ended its convention today. The final general session was opened with prayer by Rabbi Leon Harrison, of St. Louis. Cardinal Sotolli soon after entered the hall and the audience rose en masse when he was introduced and he was given an ovation. Cardinal Sotolli made a brief speech, in which he expressed his pleasure at being present. The cardinal remained with the convention only a few minutes.

George A. Gates, president of Pomona College, Claremont, Cal., made an address on the subject, "The place of the American college in the world."

"In these times of a counter-revolution is setting in in the minds of America's youth," he said, "the small colleges have no reason for their existence. There is no reason for it. The great universities will grow more and more. The small college is being outgrown or being supplanted. On the contrary the host of these are growing at a rapid rate. The distinguishing features of a college as contrasted with the universities are too valuable to lose from American life. The college at its best, foster a narrow, specialized efficiency at the expense of broad and liberalizing education. It is just at this point that the American college has found and will retain its own life."

The "small college" must not be so small and poor as to be mean; it must be large enough to have a "college spirit" and small enough that the men between institution and student of intimate personal relation is a never-to-far-fallen fact of education, as of all philosophy and life. Some sort of humane and leadership, as capable among larger numbers is forced upon most students in the statistics of small colleges "doing well" than of larger institutions. A Harvard man has recently shown that this is still true of his own college, comparing Harvard, the "small college" before 1860, with Harvard University since that time.

"In the chief city of the Pacific Coast effort has several times been made to organize the considerable number of graduates of the strong Eastern universities into an alumni association. The effort has as often failed. Loyalty and college spirit is wanting. The men never knew each other. The men never met."

The concluding address was delivered by Aaron Gove, superintendent of schools of Denver, on the subject, "The limitations of the teacher's independence." The convention then took a recess until late in the day, when the final session, designated as vespers meeting, concluded the forty-third annual assembly.

LOW DEATH RATE FOR OAKLAND.

FIGURES SHOW THAT AVERAGE DEATH RATE IN 1,000 IS 12 PER YEAR.

The death rate in the city of Oakland was 12.82 to every one thousand inhabitants, which shows the city enjoyed an unusual degree of health. This rate is based on a population of 15,000. In comparison with other cities, this showing places Oakland in the very front rank as a health resort.

The rate of mortality is much less than in Los Angeles and San Francisco. The total number of deaths was 1,065. There were 10 deaths of infants under 1 year of age, between 1 and 5 years of age 63 died; between

Keller's Great Consolidation Sale

WILL OFFER A HOST OF NEW ATTRACTIONS TOMORROW
 A Regiment of Prices That Were Already Tottering on the Brink Have Finally Topped Over Into Sensationalism

Here Are Two of the Neckwear Marvels

5c For 25c MIDGET TIES—while they last

50c FOUR-IN-HANDS—while they last 15c

Just think of it—five ties for the usual price. That's going some, isn't it? And there's not a single ugly color or undesirable pattern in the lot. But come quick. We've only 2400 of them, and they'll sell as fast as we can wrap them up.

Up-to-date stylish patterns. There isn't a store in town that wouldn't jump at the chance to buy these ties at two-bits each. But we value great crowds more than we do chances to make money—just now.

Shirt Prices Are Now Down to Bed Rock

65c for \$1.00 Shirts—Shirts for \$1.25 85c

Golfs—Stiff Bosoms and Negligees

These shirts are even more attractive than their wonderfully little prices. They are all this season's—all perfect in fit and making—all as bright and fresh as a just-picked daisy. And the patterns are just the ones you dressy fellows are looking for. This is worth remembering, for some of the shirts that are masquerading about town as bargains have been so long out of fashion that even a Digger Indian would be ashamed to wear them.

It's Like Getting Gold Dollars at a Discount to be Able to Buy Staple Underwear at

35c for the 50c kind 65c for the \$1.25 kind 85c for the \$1.50 kind \$1.15 for the \$2.00 kind

WATCH OUR WINDOWS

GASOLINE LAUNCH EXPLODES.

SEVEN PEOPLE INJURED AND NARROWLY ESCAPE WATER GRAVE.

MINNEAPOLIS, July 1.—Two prominent society and club men of Minneapolis received probably fatal injuries and five other persons were seriously injured in an explosion of a gasoline launch, "The Eleanor," at Tonka Bay, Lake Minnetonka.

The injured: GEORGE CHRISTIAN, probably fatally; GEORGE LUTON, probably fatally; HARRY MERRIMAN, badly burned; MRS. W. P. DEVEREAUX, leg broken and burned; MRS. HARRY MERRIMAN, badly burned; HARRY MERRIMAN, Jr., slightly burned; PRUDENCE MERRIMAN, slightly burned.

Mr. Christian was entertaining a party of six grown persons and two children and his boat was headed for the bay when the explosion occurred. It was caused by a leak in the gasoline tank and the boat was wrecked. I was due only to the fact that a number of sailboats and rowboats were in the bay that the party escaped death.

FREEDOM IS AT STAKE.

(Continued From Page 1.)

very foundation of our government, as the court has evaded a consideration of them, and as I believe the present the only questions in the case I shall discuss them and ignore for the present a consideration of the opinion, with the observation that it establishes a precedent that is so repugnant to my notions of civil liberty, so antagonistic to my ideas of a republicanism in form of government and so shocking to my sense of propriety and judgment that I cannot properly criticize it.

HABEAS CORPUS.

"It is so clear that the power to suspend the privilege of the writ of habeas corpus is not lodged in the executive branch of the Government that it seems like a waste of time to discuss the question. If there is any one question positively and finally settled, it is that the power to suspend the privilege of the writ of habeas corpus is solely a legislative power."

SEVEN THOUSAND OUT.

BIRMINGHAM, Ala., July 1.—Seven thousand union miners in the employ of the various furnace corporations in this district suspended work today pending the adoption of a new wage scale.

THE LATEST NEWS.

REGULATE TRUSTS.

Platform Adopted By
Republicans of
Minnesota.

ST. PAUL, July 1.—The platform of the Republican State convention, after reaffirming the national platform and commending the administration of McKinley and Roosevelt, has the following to say on national issues:

"We believe that the large corporations, commonly called trusts, should be regulated by law and supervised both in their organization and operation, that their tendencies may be checked and their evil practices prevented, and that they shall be so regulated and controlled as to prevent monopoly and promote competition, and in the fullest measure preserve and advance the public good.

"We believe in the doctrine of protection to American industry as set forth in the National Republican platform of 1904, and we believe in reciprocal trade and commerce as advocated by William McKinley and James G. Blaine.

"The veterans of the union armies deserve and should receive the best treatment and generous recognition, and they should be given the preference in the matter of employment and they are entitled to the enactment of such laws as are best calculated to fulfill the fulfillment of the pledges made to them in the dark days of the country's peril.

"We urge legislation that will expedite the construction of the isthmian canal in order that our commerce may be extended in peace and our country protected in time of war, and that our ships may come in competition with our railroads.

"We approve the enactment by Congress of legislation which will deny Chinese from gaining admission to this country to the injury of American labor, and we demand the enforcement of the immigration laws which shall exclude all unworthy and undesirable emigrants whose presence menaces our citizenship or injures our wages, and we demand the extension of the postal rural free delivery service wherever its extension may be justified.

"The platform commends the action of President Roosevelt and Governor Van Sant in 'repealing' the cause of the people against the railway merger and trust.

"It endorses Senators Nelson and Clapp to succeed themselves, favor good roads, solicits a better understanding between capital and labor and favors the use of the open label on State supplies wherever practicable.

SAN FRANCISCO, July 1.—A land case which has been in litigation for many years, was decided today by the Supreme Court.

The suit was that of Edison P. Adams against Emily B. Hopkins and Sarah A. Wilson, and was decided by the Supreme Court today.

The plaintiff asked for the partition of the tract of land known as the Sobrante, granted to Juan Rosas and Victor Casero, by the Mexican Cession, April 22, 1841 and patented August 11, 1852. It contains 19,982 acres.

The appeal was from the interlocutory judgments and from orders denying a new trial.

It was found by the court that the cause of action was barred by the statute of limitation and the land in dispute was accordingly allotted to the parties in possession.

APPOINTMENTS.—County Tax Collector Barker appointed J. A. Webster, W. R. Barstow and John Gallegos deputy tax collectors this morning. They are to serve during the month of July.

YALE IS FIRST IN RACE.

Harvard Never Had a
Chance in Big
Event.

NEW LONDON, July 1.—The varsity eight-oared race, distance four miles up stream with the tide, was started at 11:14. They got off splendidly with a slight advantage to Yale in the first hundred yards. In the first eighth of a mile Yale had gained a quarter of a length. Harvard was rowing a fast stroke, but Yale was holding her advantage at the three-eighths and at the half-mile Yale was leading by a half length. The time was 2:23 3-5.

Yale was splashing at the five-eighths, but still held her lead. The race at the mile mark was very close. Time, 5:03 1-5.

After passing the mile Harvard drew up a bit and Yale was then leading by a little less than a length. The time at the mile and a half was 7:53 and Yale was leading by three-quarters of a length. Yale was rowing 31, Harvard 33 and Yale had increased her lead shortly after, leaving the mile and a half mark to a length and a half. Yale continued to increase her lead and at the two mile mark was over three lengths ahead. Time:

Yale—10:35.
Harvard—10:42.
Gaining at every stroke, Yale continued to draw away from her rival until she was six lengths to the good. Approaching the third mile Harvard gained slightly and at the third mile mark Yale was leading by about four lengths. Time—16:15 1-5.

Yale—16:15 1-5.
Harvard—16:27.
Official time varsity race:
Yale—21:42 1-4.
Harvard—22:07.

It was the worst whipping that Yale had given her old rival in recent years.

FOUR OARED RACE.
In the varsity four oared race St. Jovian Fish, by a mishap which might have happened to any oarsman, just prevented the Elfs from winning all three races of the annual regatta. In this race Yale, leading from one to fourteen seconds, was beaten out at the finish, as the result of fish catching a crab and then breaking his outrigger.

Fish had already caught a crab earlier in the day and the second mishap of the Yale crew was fatal. The blue shell literally stopped. The Harvard men saw their chance and although badly pumped out, won by one and a half lengths.

The story of the varsity and four oared races is summed up briefly by the official time, as follows:

Varsity eight oared race.
Half mile..... Yale Harvard
One mile..... 2:23 3-5 2:33
Two miles..... 5:03 1-5 5:13 3-5
Three miles..... 7:53 1-5 8:03 3-5
Four miles..... 10:35 1-5 10:42 3-5

Varsity four oared race.
Half mile..... Yale Harvard
One mile..... 2:40 1-4 2:50
Two miles..... 5:40 1-4 5:50
Three miles..... 8:40 1-4 8:50
Four miles..... 11:40 1-4 11:50

FOR CONTEMPT.

SAN FRANCISCO, July 1.—Jacob E. Campbell presented a petition in the United States District Court today requesting Judge De Haven to order Attorney J. C. Campbell and Thos. E. Gibson, to show cause why they should not be punished for contempt of court.

He alleges that Campbell and Gibson, on June 26 last, took books and papers from the possession of Henry Wadsworth, the trustee, who was in custody of the papers during the pending of the bankruptcy proceedings.

The motion was made by Attorney Ach, but was denied by Judge De Haven on the ground that only the trustee could make any motion that the court would entertain.

METCALF IS SWORN.

Takes the Oath As
Secretary of
Commerce.

WASHINGTON, July 1.—Victor H. Metcalf, former representative from California, was today sworn in as Secretary of Commerce and Labor to succeed George B. Cortelyou, who resigned to become Chairman of the Republican National Committee.

The ceremony occurred at the White House at 4:30 o'clock this afternoon, the oath being administered by Executive Clerk Latta. The President, Secretary Cortelyou and Secretary to the President Loeb, were present.

NEW BANK FOR EAST OAKLAND.

The Twenty-third avenue branch of the California Bank has now opened for business. The interior arrangements of the office are not yet entirely completed but will be finished as soon as possible. Mahogany panels have been used in the fixtures and the floor is laid in the popular diamond tiling. The building on both floors is up-to-date in every way. The offices on the second story are not yet completed but have all been spoken for.

Mr. Wemyss Park has been placed in charge of the new bank as manager. Its affairs will also be under the direct supervision of the main office down town.

D. D. Howard Collins, President of the California Bank, when seen had this to say of the new enterprise:

"We promised to open the bank for business on June 28th and as you see we have done so. We have not quite finished the inside here as yet, but will finish this work through as quickly as possible.

"We did not expect a very large business at first but the number of depositors to date has been even larger than we had looked for. There is no reason why this venture should not succeed. There is no bank in this part of the city, and in fact between down town and San Francisco it will be a good thing for all East Oakland."

MILLIONAIRE TO FIGHT.

SAN FRANCISCO, July 1.—R. G. Hanford, the millionaire mining man, will answer the sensational divorce complaint filed recently by his wife. He will answer it through the courts, however, and when he does, he promises to prove that every charge contained therein is false.

Mr. Hanford was seen at his office this morning and was asked to make a statement for publication. He said:

"So far as the charges against myself are concerned, I am sure to myself that I am not going to make a statement to say that they are absolutely false in every particular, as will soon appear. The statements are so impudently untrue and untrue without the slightest foundation. Mrs. Cavalcade did call at our house on the night of my party at that time, and I was extremely ill. As to her being the slightest improper conduct on my part, or on my part at that time, or upon any occasion whatsoever, I want to say that any statements to that effect are entirely untrue. I am a great and great injustice to Mrs. Cavalcade, for whom and for whose husband I have only the greatest respect. I feel truly grateful to my friends who understand the true inwardness of this matter, for their kind expressions, but beyond this I have nothing to say."

THOS. H. COLE DEAD.

SAN FRANCISCO, July 1.—Thomas H. Cole, a well-known mining man, died suddenly at his residence here late last night from heart failure. Mr. Cole came here from New York in the early years, attracted by the gold craze, and was one of the pioneers into Nevada. He was president of the Bulletin, Walter and Julia mining companies and was largely interested in the mining interests of Virginia City.

HE WAS ROBBED.

SAN FRANCISCO, July 1.—John J. Hill, of Washington, D. C., a clerk in the quartermaster's department of the United States army, who was to have started for Manila on the transport Sherman, has been found in an unconscious condition near the water front and taken to the hospital. It is thought he was drugged and robbed during the night. His condition is critical.

FLEET IS SAFE.

LONDON, July 1 (9:03 p. m.)—Admiral Skerrydoff, according to a dispatch from St. Petersburg to a news agency here, reports that the Vladivostok squadron has returned to Vladivostok undamaged. The Admiral confirms the bombardment of Genoa.

LOST THEIR FLOUR.—LIAO YANG, June 30.—(Delayed in transmission).—During a recent typhoon in the sea of Japan twenty-seven barges belonging to the Nippon Yusen Kaisha of Tokyo, lost 300,000 pounds of flour intended for the Japanese armies.

The rains here are increasing.

JOSEPH RYAN IS DEAD.

NATIONAL COMMITTEEMAN DIES
OF PNEUMONIA AT ST.
LOUIS.

ST. LOUIS, July 1.—Joseph Ryan, national committeeman from Nevada and head of the Nevada delegation to the Democratic national convention, died today at the Jefferson Hotel of pneumonia.

Mr. Ryan and his wife came to St. Louis direct from their home at Virginia City, Nev., Monday. It was their intention to spend several days at the fair. Mr. Ryan, however, contracted a cold enroute and when he reached St. Louis was quite ill. He never left his rooms at the hotel.

During the night Mr. Ryan grew worse and it became evident that he could not recover. Mrs. Ryan remained by his bedside all night. With her was Mrs. William E. Sharon of Oakland, Cal., wife of a member of the Nevada delegation.

JUDGE PARKER IS SURROUNDED.

ST. LOUIS, July 1.—At the Jefferson Hotel, where the national committee makes its headquarters, the friends of Judge Parker are congregated in large numbers, and included among them are a number of delegates not instructed for the New York candidate.

They are very antagonistic to Mr. Cleveland and being that Mr. Parker is the most available instrument with which to accomplish the defeat of the ex-president, they are quite prepared to accept him. They are ready to accept his nomination at a comparatively early date in the convention.

The Parker men do not accept the theory that Mr. Cleveland and Mr. Gorman are sincere in their support of Cleveland, calling attention to past unpopularity in support of their theory.

GENERAL TELLS OF THE RAIN.

ST. PETERSBURG, July 1, 6:55 p. m.—A telegram received today from General Kuropatkin pointed out the difficulty of the military operations on account of heavy rains and records the continued though slow advance of the Japanese columns from the south and the brisker movement eastward of the Feng Wang Sheng force. The progress of the combined Japanese armies may be compared to the swing of a circle of which the center is at Su Yen, he radius traversing the Ou Fan Kun and Lin Ho Sin passes over which the Japanese are now crossing the Fen Shan range in the direction of the railroad between Hai Cheng and Jao Teng. Lin Ho Sin pass is situated west of Mo-Tien Pass, and is about forty miles from Yao Yang.

TRAINS COLLIDE AT BATTLE CREEK.

BATTLE CREEK, Michigan, July 1.—In a rear-end collision between local limited trains on the Jackson and Battle Creek Traction Railway today three men were seriously injured and a score of persons were badly shaken up and bruised.

A. L. Spitzer of Toledo, Ohio, passenger of the road had both legs broken and was injured internally.

Motorman G. L. Kelly, both legs broken, injured internally.

E. B. Wilson, a clerk at the Battle Creek Sanitarium, legs broken.

The passengers all resumed their journey except Bert A. Gray of Stockton, California.

HE LEVIED ON OFFICIALS' SALARIES.

County Assessor Henry P. Dalton today sprang a little surprise on the municipal employes by garnishing their salaries for \$ for poll-tax. Chief of Police Hodgkins, Fire Chief Hall and the rest of the employes were given a test of Mr. Dalton's plan of getting poll-tax. The garnishing is merely a matter of form.

BENEDICT WOULD DIVORCE HIS WIFE.

Suit for divorce was begun today by William N. Benedict, a painter, against Linda C. Benedict on the ground of cruelty. They were married several years ago in the East and came to this city, where they have lived for the last year. Within the past few months, however, her actions have become such that he cannot longer live with her and asks for a decree separating them.

VESSEL WRECKED.

SAN FRANCISCO, July 1.—The bark W. H. Dimond, which arrived in port today from Honolulu, reports that on June 30 she sighted a lot of wreckage and later in the day when 32 miles west of the Farallones, passed the wreck of a vessel bottom up.

TO FORECLOSE MORTGAGE.—Suit was begun this afternoon by F. M. Christman to foreclose a chattel mortgage on the household effects of Edmond H. Lohr, a carpenter, who was given a test of Mr. Dalton's plan of getting poll-tax. The garnishing is merely a matter of form.

SAY THEY WERE ROBBED.

TWO MEN TELL IN COURT OF
BOLD DAYLIGHT
CRIME.

W. H. Bell and James Thirde, arrested on a charge of drunkenness, stated to Acting Police Judge Quinn this morning that they were knocked down and robbed yesterday near Third and Filbert streets in broad daylight.

According to the story told by the men they were drinking in a saloon for a considerable time. There were four other men there. When they left some one followed them. Without warning they claim that a man struck them and knocked them down. He then proceeded to kick them. After that he went through their pockets and abstracted what money he could find.

The story is not credited by the police.

QUART OF WINE \$200.

Champagne at \$5 a quart or the rarest of the white wines at \$3 a quart are dirt cheap as compared to the price paid by Charles M. McDermott for a quart of ordinary claret at the hotelery conducted by J. Cardona on Seventh street. The price was \$200.

It appears that the day was warm and that McDermott had traveled a long way from Richmond to Oakland and was in need of refreshment, both internally and externally. When he saw the quart of "red saloon" claret on the shelf so invitingly he could not restrain the temptation to drink. He drained the quart measure at a single draught. Mine host saw him and demanded pay for his goods. The money was not forthcoming.

As a result Patrolman Fahy was called in and arrested McDermott for petty larceny.

Police Judge Samuels this morning after hearing the evidence and looking at McDermott, who had the appearance of not being able to sit on the bank and watch steamboats go by if they were sailing at less than a dozen miles an hour, sentenced him to the alternative of spending 100 days in jail.

McDermott will spend his time in jail.

ANNUAL HEALTH REPORT.

EXPENSES WERE LESS BY \$1,000
THIS YEAR THAN
LAST.

The annual report of the Board of Health which is being compiled by Secretary Dan Duddy will show that the expenses of this year are less by \$1,000.35 than they were last year. The total expense of the department was \$15,702.55. Guards for smallpox cost \$4,124.40. The remainder of the expense is divided between the salaries for the sanitary inspectors, city bacteriologist and other health officials.

Many improvements for the care of the public health have been suggested and carried into effect by the board during the last year.

EPWORTH LEAGUE.

STOCKTON, Cal., July 1.—The thirteenth annual convention of the California State Epworth League of the Methodist Episcopal Church (South), got down to business today, and sessions will be held daily and in the evening until Sunday night. There are nearly 150 delegates present from all parts of the State. Today's session was opened with the invocation of the prayer, led by Rev. M. Hodgson of this city.

Rev. J. C. Wooten, of Berkeley, spoke on "The Law" as connected with Bible study.

Rev. W. A. Orr rendered a vocal solo. The morning session was concluded with the singing led by Rev. A. Odum of La Grange.

M. Knox White, of Los Angeles opened the afternoon session by leading in the devotions.

Rev. J. C. Wooten, spoke on the subject, "The Prophets," and made a very interesting address.

BULLETIN ON THE NEGRO POPULATION.

WASHINGTON, July 1.—The census bureau today issued the final bulletin on the negro population. The number of negroes in the United States, including the entire area covered by the twelfth census (continental United States, Alaska, Hawaii and Porto Rico), is 9,304,651. There is a larger number than is found in any other country outside of Africa.

PECK'S THEATER IS UNDER BELL RULE.

The Bell Theater will close temporarily after July 4 for extensive alterations. The building is to be enlarged and made so that it will be one of the most spacious and up-to-date theaters in the country. The proprietors of the Bell intend to expend \$75,000 in the new structure and during its construction the management has agreed to conduct the theater across the street. It will be conducted on the Bell Theater plane, all bookings being played at that house. There will be an excellent bill next week.

HIT BY A TRAIN.

SAN JOSE, July 1.—Charles Epman, a laborer, walking to this city, from San Francisco, was hit by a train this afternoon near College Park, and hurled fifty feet. A large bundle of blankets on his back broke the force of the blow, and he was not seriously hurt.

HOWARD IS NOW IN CUSTODY.

FATHER WHO RAN AWAY WITH HIS CHILD IS IN JAIL.

J. H. Howard, the father who took off his nine-year-old son after the custody of the child had been awarded to the mother, Mrs. Mamie Koller of Oxnard, was arrested by Deputy Sheriff Sweeney at Livermore this morning and brought here and placed in the county jail. Howard says that the child said he would not stay with the people with whom he had been sent and wanted to go with him, and he let him.

Howard and his wife were divorced seven years ago. He took the three children two hours and a girl, the eldest of which is now twelve years of age, and for the last four years has had the two younger ones in the case of the ladies' society of law. The mother remarried and for several years past has been endeavoring to find the whereabouts of the children.

The eldest boy, he father has had with him on the Fresno plains, where he gains a living by shooting squirrels. A week or so ago the mother learned where the other two children were and immediately took steps to get possession of them. She was able to show the court that she was able and willing to give them a good home with her second husband, whose consent she had obtained in the action was taking and Judge Greene gave her the custody of them.

The mother has the little girl, but almost immediately after the hearing in court the father disappeared with the two boys. He had driven from the Fresno house to Livermore, where he had left his team, and it was expected that sooner or later he would show up there.

The child in question was not with him at the time he was arrested, but he states that he is at a camp a few miles out of Livermore.

Howard was not in court when the order of Judge Greene was made and there is some question whether he can be punished for what he has done.

His attorney, Hyram Lattrell, will make the point in his defense that as the father was not there at the time the order was made, he cannot be held liable for talking the child into a felony.

Howard will be sent after the child to bring it to court when it will be given over to the custody of the mother. In the meantime the two children are taking care of themselves in camp.

On and after July 1st, this Bank will not be open in the evening, except once a month for cashing Southern Pacific pay checks.

THE OAKLAND BANK OF SAVINGS
TWELFTH AND BROADWAY, OAKLAND

OAKLAND TRIBUNE

Tribune Publishing Company.

William E. Dargie, President.

The Preferred Stock Issue of the Southern Pacific Co.

Public criticism of the financial methods of a railroad company possesses little value. It may safely be assumed that the stockholders of a corporation have made themselves intelligent, not only upon the value of the stock but upon the financial methods which tend to influence its future value.

The capital stock of the Southern Pacific Company comprises 2,000,000 shares of the par value of \$100 each, being a capitalization of \$200,000,000. The bonded indebtedness of the Southern Pacific Company and its allied lines, aggregates about \$325,000,000, exclusive of the second mortgage which rests in part on the lands granted to the Central Pacific Railroad Company.

It is well known to the public that the lines of the Southern Pacific Company have in a very large measure been reconstructed. E. H. Harriman, the president of the company, is reported to have said that there has been expended for betterments and in the purchase of additional equipment, about \$54,000,000 since his incumbency as president. This has not only absorbed the surplus earnings of the road but has occasioned the contraction of a floating debt in the way of an unsecured obligation. The company now finds itself indebted to the Union Pacific Railroad Company in the sum of \$15,000,000 and confronted by the necessity of reconstructing roads, increasing the weight of the rails on the reconstructed portions and of purchasing a very large amount of additional equipment.

A carrying capacity of the road with its equipment on the status of two or three years ago is grossly inadequate to the transportation demands of the country served by its lines. To bring the road up to a standard physical condition and supply it with a motive power and other rolling stock equal to the task of carrying the business offered and to discharge the existing floating indebtedness, the company finds itself confronted with the necessity of borrowing \$40,000,000. If it issues bonds, they will necessarily be a second mortgage, since the lines of the road are covered by first mortgages; but even if this were practicable, a bonded indebtedness of \$40,000,000 bearing 5 per cent interest would require an annual interest payment of \$2,000,000.

In this emergency resort has been had to the very common plan of issuing preferred stock, a method the equivalent of placing a mortgage on the net income of the property. Accordingly, the board of directors have authorized an issue of \$100,000,000 worth of preferred stock to bear interest at 7 per cent, provided that dividend is earned within any fiscal year, and has authorized the immediate issue of \$40,000,000 of this stock to meet the existing emergency.

The present stockholders are to be accorded the privilege of preferred purchase of this stock. Each can buy of the new issue an amount equal to one-fifth of the common stock held and owned by him, and purchase can be made at the par value of the stock.

If the road is able to pay a dividend of 7 per cent on this \$40,000,000 the amount required would be \$2,800,000, or only \$800,000 in excess of the interest on a bonded indebtedness of \$40,000,000 at 5 per cent. The company is not obliged to pay this indebtedness unless it earns it, whereas if it issued bonds to the amount of \$40,000,000 it would be obliged to meet the interest obligation of \$2,000,000 per annum. This dividend obligation is not cumulative. If, therefore, the company earns a dividend of 7 per cent in any fiscal year and its stockholders own the stock, the dividend paid would be equivalent to a dividend of 3 1/2 per cent on the common stock of \$200,000,000.

Moreover, this preferred stock is to be retired in 1915 at a premium of 15 per cent. It is therefore in the nature of a loan for eleven years at 7 per cent, provided dividends are earned, and since the privilege is accorded the stockholders of purchasing it all at par value the 7 per cent dividend as already shown becomes at 3 1/2 per cent dividend on the common stock.

To briefly summarize: The Southern Pacific Company owes \$40,000,000. This necessarily imposes upon the stockholders of the company the obligation to raise the money. This may be done by an assessment, by the issue of a bonded indebtedness bearing interest or by the issue of preferred stock as outlined above. The company has decided upon the latter plan and will issue \$40,000,000 worth of preferred stock, reserving to the owners of the common stock the full privilege of buying this stock at par. The stockholders thus avoid the necessity of an assessment of \$20 a share and also avoid the creation of an additional bonded indebtedness, the interest upon which must be paid regardless of the vicissitudes of business or the capacity of the company to earn such additional interest.

The issue of the preferred stock enables the present owners of the stock to fully meet the existing exigency by a plan which, even if the dividend of 7 per cent is declared, will call for only \$800,000 a year in excess of the amount of the annual interest which an issue of bonds for an equal amount would impose. This plan is also attended by the privilege of withholding the dividend unless it is earned, and is not cumulative, whereas an issue of bonds would create an annual imperative liability of \$2,000,000.

In this view of the case, the policy of President Harriman is certainly the very best that could have been devised. It will meet the financial exigency with which the company is confronted and accomplish the conservation of the market value of the present stock as no other method would have done.

Improve Independence Square

One cannot pass Independence Square without realizing what a blot it is on East Oakland. What should be a charming park, a beauty spot overlooking the harbor basin, is an unsightly waste, repellant to the eye and a discouragement to building in its vicinity. Many years ago the State Forestry Commission planted the square with choice trees at an expense of nearly \$2500, but a great majority of them died of neglect. Many still remain, but they are uncared for and stand in a tangle of weeds and wild grass now brown and sere. In its present condition Independence Square is a public nuisance, a shame to the city and a sore affliction to the residents and property owners in its neighborhood. Something ought to be done to improve this neglected spot. In case there is no bond issue for municipal improvements, the next budget should make an allowance to at least make a beginning toward improving the square. The city owes that much to East Oakland, which has long been given a stepmother's care by the authorities at the City Hall.

A meeting to discuss municipal consolidation on this side the bay has made Oakland a target for the usual volley of taunts about our badly kept streets, our shabby old City Hall and our lack of parks. It is useless to preach consolidation so long as we neglect both the graces and essentials of municipal life. Consolidation must result from voluntary action, and the way to bring about that voluntary action is for Oakland to go ahead with her scheme of public improvement. A new City Hall and a fine public park will by evangel of municipal consolidation, for they will remove a reproach from this city and at the same time render pointless the chief objection now urged against consolidation.

Bryan seems to have burned his bridges behind him in opposing Judge Parker. He has rather broadly charged the Chief Justice of New York with personal corruption, making such a charge a serious matter, and would seem to place Bryan in a position where he will be unable to support Parker without sullied himself. It is worthy of note that Republicans journals, as a rule, have refrained from echoing the aspersions of Bryan, who has the unenviable distinction of making grave personal accusations against his political opponents.

Dunlap's Alliance With Martin Kelly

The Stockton Record ascribes a paragraph that recently appeared in THE TRIBUNE to George F. Hatton without the slightest warrant. Mr. Hatton writes nothing for THE TRIBUNE that is not printed over his signature. He neither wrote nor inspired the paragraph in question, and the first he ever heard of it was when he saw it in print. So much on that head.

The paragraph which has stirred up the Stockton paper referred to the Senatorial candidacy of Frank E. Dunlap, who figured as a candidate for Speaker of the last Assembly under the auspices of Martin Kelly, who headed a cabal that endeavored to defeat Senator Perkins for re-election. The Record denies that Dunlap was opposed to Senator Perkins.

Nevertheless his candidacy for Speaker was in the interest of a faction hostile to the Senator. Mr. Dunlap's supporters were trying to prevent the calling of a Senatorial caucus. Around him were centered the elements in opposition to Senator Perkins.

A man is generally known by the company he keeps. Mr. Dunlap, who had been instructed to vote for Senator Perkins by the convention which nominated him, chose to flock with Martin Kelly, who was frankly hostile to Perkins and was openly engineering a movement to defeat him. It is a matter of general knowledge that Kelly's object in putting Dunlap forward for the Speakership was to have the committee packed against Perkins. Every man in the State acquainted with politics understood that the election of Dunlap would have been a blow at Perkins.

Mr. Dunlap may disclaim the purpose his acts and attitude would seem

to proclaim, but he cannot deny his company. It is not surprising, however, that he should object to having his political alliance with Martin Kelly recalled. As we surmised, it is not a prime recommendation for a Senatorial candidate in San Joaquin county.

The members of the faculty appointed by President Wheeler to decide which of the seven eligibles from the State University shall be awarded the Rhodes scholarship are admirably fitted for their task. There can be no doubt of a fair field and no favors in the examination. This is as it should be. President Wheeler displayed wisdom in declining to make the award on his own motion, as he has the authority to do.

It is rather odd that the Prohibition nominee for President should be named Swallow. However, one swallow does not make a President.

A WORD FOR THE BRAVE OLD OAK

Oakland mourns the loss of most of the oaks which gave rise to her name. Had they been preserved, so far as the needs of building and street making would permit, the beauty and attractiveness of the city would be greater. But even now there is complaint of needless destruction of the native trees by people who see nothing in them but so many cords of fuel.

There is a moral in this for Sacramento. Not only native trees but also those planted for shade or ornament are often unnecessarily sacrificed here. And it is a mistake to chop down fine deciduous trees, which give a grateful shade, in order to gratify the present fad for fan palms, which practically give no shade at all. It is all right to plant palms between shade trees, for ornamental effect, or where there are no trees of any sort, but why slaughter oaks and other desirable trees to make room for baby palms?—Sacramento Bee.

A HINT FOR OAKLAND MERCHANTS

Business men of Oakland have at last opened their eyes to the fact that Richmond is something after all and to this end are beginning to make use of the local papers to advertise their goods. There is not the least reason in the world why Oakland merchants should not secure a large percentage of the trade now going to San Francisco, as Oakland has as good stores as the metropolis. These stores carry the same quality of goods at the same prices as San Francisco merchants do, a fact which Richmond people will find out by investigating. The only drawback is the matter of transportation and this can be remedied by the merchants of Oakland. A noon train between Oakland and Richmond would solve the transportation question easy.—Richmond Leader.

Hints for the Ladies.

One girl is making a neat sum of money by teaching to a sewing club embroidery, helping with the subsequent cutting and fitting, and pouring tea at 5:30 for her pupils and their men friends. Every member is fined 50 cents for an afternoon, and not only learns a lot about fancy work and dressmaking, but keeps posted on the new books and has a jolly tea party.

To make girdles effective they must have some original feature in material or decoration. For evening wear the loops and sashes in the back are extremely fetching. If narrow ribbons are used have several ends, making knots in the ribbon at intervals and burst tiny bunches of flowers through the knots in the style of the shower bouquet ends. It is advisable to use ribbon at least one to two inches wide.

The latest device for ornamenting a silk or mohair gown in tailor fashion is called "shoemaker's stitching," to distinguish it from the well known machine stitching. Shoemaker's stitching is employed on bias bands of tulle or cloth and on the edges of shoulder cloths, eon jackets, cuffs and belts, panel sections and as a finish generally. It is very smart on wavy bands or on Yandye trimmings. The stitch gives an interrupted pattern like the punched holes or ornamental stitches on boots and shoes. It is never continuous, as is machine stitching as commonly understood, and should be executed in white thread to produce best effects on bright or dark-colored materials, or in black upon white or pale natural colored pongee.

Chips From Other Blocks

When a lot of young girls form what they call a spinners' club and inveigh against marriage, everybody knows they are determined to have husbands.—Philadelphia Ledger.

Astronomers are searching for a new planet. The democracy, it is understood, is also half expecting to see a new planet swim into its ken at St. Louis next month.—New York Tribune.

Mr. Gorman says he wants the St. Louis convention to nominate the man who has the best interests of the country and his party at heart. Reviewing the long and selfish career of Senator Gorman, it seems to us he has by his own rule excluded the senior senator from Maryland from the nomination in St. Louis.—Louisville Post.

The people of Santa Domingo might have been willing to be annexed to the United States had they not read the news from Colorado.—Atlanta Constitution.

If it really cost every time \$10 to throw a stone at an auto or \$100 to overstep one the streets would be safer.—New York World.

TYPES.

Andella, with the meek blue eyes, And pretty curls of pale-gold hair, Why is it that your memory lies Upon my spirit like a prayer? Alas, you seemed as cloistered nun Or violet, shrinking from the sun— You were in truth, a flirt, the worst That e'er the peace of mankind cursed. Jacinta, rose-brown, black-haired, tall, With flashing glance and upthrust head, Why did you make me think of all The wicked ones of whom I've read? Wild Cleopatra, Helen bold Of Troy, and others of like mold? And yet, I know, who know your best, A child's pure heart throbbeth in your breast!—Madeline Bridges in July Smart Set.

Teast—Does your wife like songs with-out words? Crismoneak—Indeed, she doesn't! She doesn't like anything without words.—Yonkers Statesman.

TEA

We stand r r fall by our tea—Schilling's Best—and we're not going down.

Your greater means your money if you don't like it.

SOME PASSING JESTS.

NO SIGNS OF FORGIVENESS. Young Bride—Why, Clarence, he forgave you long ago. What made you think he had?

Young Bridegroom—Why, he hasn't asked us to go and live with him.—Chicago Tribune.

OBEYED ORDE 35. Mistress—Jane, where is the salad oil I told you to put on the table? Jane—Please, 'm, I did not in on the table when I polished it up this morning.—Punch.

HOW SHE KNEW. Fond Mother—Jane, has Johnny come home from school yet? Jane—I think so. I haven't seen him, but the cat is hiding under the stove.—Rochester Union.

INSULTED TRAMP. Tramp (at the kitchen door)—Can you give me something to eat, ady? Lady—There's the woodpile. Tramp—I can't eat wood, ady. Lady—You can saw it, can't you? Tramp—Id rather eat I lady. Good morning.—Detroit Free Press.

THE WRONG COLOR. Agnes—Arthur, I smell liquor on your breath. Arthur—That's just like you, Agnes. What you ought to smell is mint.—Cincinnati Commercial-Tribune.

KNOWING AND TRUSTING.

I think if thou couldst know, O soul that will complain, What has unheeded been our burden and our pain, How just our anguish wrings Nearer those longed for things We seek for now in vain—I think thou wouldst rejoice, and not complain.

I think if thou couldst see, Wit, thy dim mortal sight, How meanings start to cheer Are shadows, hiding light, Truth's efforts crossed and vexed, Life's purposes all perplexed—If thou couldst see, I am right, I think that they would all seem clear, and wise, and bright.

And yet thou canst not know, For yet thou canst not see; Wisdom and sight are now In poor humanity. If thou couldst trust, poor soul! In him who rules the world, Thou wouldst find peace and rest, Wisdom and sight are will, but trust is best.—A. A. Proctor.

QUEER ADVERTISEMENTS.

The following copies of queer advertisements have been collected and printed by a club woman: "Buildings for sale: will eat anything; very fond of children." "Wanted—A boy to be partly outside and partly behind the counter." "A widow in comfortable circumstances wishes to marry a young man." "Annual sale now on; don't go elsewhere to be cheated; come in here." "A lady wants to sell her piano, as she is going abroad in a strong iron frame." "Wanted—By a respectable girl, her passage to New York; willing to take care of children and a good sailor." "Wanted—Near Highgate highway, an umbrella belonging to a gentleman with a bent rib and bone handle." "Mr. Brown, furrier, beg to announce that he will make up gowns, capes, etc., for ladies out of their own skins." "An airy bedroom for a gentleman 22 feet long and 11 feet wide." An exchange contains the startling news that "A carload of black came in for a walk through the park."

WOOLINESS IN THE EAST.

Why do the mockers call it the "wool" West? This is a question that must go unanswered for no answer is to be found in any mind. A woolly man is not unknown in any of the haunts of men and some professors have met him in the classroom, asserts Henry Loomis Nelson in Harper's Magazine. "Explain the pessimism of Ecclesiastes," said the professor of a not far distant university. "I do not understand the question," answered the foolish giant. "What is the difficulty?" "I don't know what the question means." "You know what Ecclesiastes means?" "Oh yes!" said the captain of elevens. "It is a book in the Bible." "Then it must be pessimism that troubles you," suggested he amazed (he was young) professor. "That's it; that's it," bubbled the giant. "Why, you must know that; you can't be ignorant of that. You know the words pessimism and optimism, do you not? Pessimism and optimism, optimism and pessimism. You certainly know what they mean." "Oh, yes," replied he, "the well-known; shines." "I know what they mean, but I can't tell them apart."

INTEREST TAKEN IN CLEVELAND.

SOME DELEGATES FAVOR HIM AND OTHERS FEAR HIM.

ST. LOUIS, July 1.—Talk in the interest of Mr. Cleveland for the Presidency constitutes the most prominent feature of the ante-convention gossip heard today and the publication here of a Washington dispatch quoting Mr. John R. MacLean in advocacy of the ex-President's nomination has added somewhat to the volume of prediction.

There is no definite movement discernible yet in Mr. Cleveland's interest and the few delegates in the city generally decline to discuss the probability, saying that all predictions would be premature at this time.

The discussion is, therefore, confined to politicians other than delegates, and with reference to the Cleveland nomination these are divided into two classes—those who favor him and those who fear him. In a general way Eastern arrivals are favorable on the ground that Mr. Cleveland can carry Eastern States, such as New York, which they say, no other man can carry. It is asserted that strong influence among the business interests is being organized in his interest.

A PAIR OF LIMERICKS.

TABLE MANNERS. When you turn down your glass it's a sign That you're not going to take any

So turn down your plate When they serve things you hate. And you'll often be asked out to dine.

HE MAKES HIS OWN. Sol Sempos does not get many vicarious: His life isn't all beer and skittles; He's in line all the same In this "breakfast food" game; He gets that kind of stuff when he Whittles.—Puck.

Suggestions for Saturday Before the Fourth

We'll talk about some lines today that are serviceable, as well as stylish. Monday will be the Fourth. We are mindful of the fact that there will be a few millions of sparks in the air on that day; that of thousands of people will be sitting on the beautiful slopes around Lake Merritt; thousands more will be picnicking in the many beautiful places at our doors—and so on. It's a day on which we don't want to wear our very best clothes, therefore—

Linen Walking Skirts

50c Special

These are very stylish outing skirts, cut with a good flare and of serviceable length—just clear the ground and don't require the constant services of one hand. Very neatly trimmed with fancy, washable, white braid.

Linen Walking Skirts

95c

Smartly tailored linen skirts, well-finished with full flare; another style is flared, with slot seams. These skirts are regular \$1.50 and \$1.75 values. Special at 95c

Useful Wrist Bags

Special 50c

These are handsome 8-inch bags with the new and most acceptable braided leather handles; strongly lined with an independent coin purse; fine-finished metal frame; colors are black, tan, brown. Special at 50c
"PEGGY FROM PARIS"—The very newest bag; large size; looks like a dollar article. Special at 50c

Fancy Belts

Special 10c

These belts are novelties; they are made of finely woven Japanese straw to imitate dress goods; all colors and color-mixtures; neat and certainly economical. 10c

Ladies' Lace Hose

Special at 25c

An excellent quality of black lace hose; boot patterns in good variety; the weaves are new, the weight is comfortable and the wearing qualities are unusually good.

"No-Mend" Hose

for Children 25c

These stockings have heavily-woven linen knees, are fine ribbed and stand more wear than any other stocking we know of at the price; outlast two ordinary pairs.

Stylish Belts

AT 25c—Crushed leather belts in black and colors; large buckles.

AT 50c—Extra wide crush leather belts; handsome, large buckles; white, cream, black and many shades of gray, tan and green; entirely new.

Holiday Millinery

This department, with its wealth of beauty and style is now a department of remarkable money-saving opportunities—every hat and every piece of foliage or trimmings having been most radically reduced.

AT \$2.50 and \$3.50—A stylish selection of dress hats that were \$7.00, \$8.50 and \$10.00.

AT \$5.00—Handsome dress hats, including several imported pattern hats that were \$16.00, \$22.50 and \$25.00.

Some beautiful tailor-made pattern hats from A. D. Burgess & Co. that were sold from \$5.00 to \$9.00 are now priced \$2.50 and \$3.50

Another lot of swell outing hats—many styles and shapes—all \$3.00 and \$3.50 hats—are now \$1.98

A very useful line of tailor-trimmed hats with straw wings and bottoms; can be had in navy, brown, natural and black rough-and-ready straw. Special. 75c

AT 35c—Not less than fifty shapes of stylish hats that are regularly sold at \$1.00 and \$1.50 are now priced 35c

All Flowers and Foliage 1-3 Off
—and if you buy all your material here, our experts do the trimming free of charge.

Linen Dusters

—not the ordinary kind that are shapeless and that are more bother than they are worth; but tailor-cut, stylish garments, made of fine, medium-weight linen, and eminently useful. Special \$4.00 and \$5.00

New Kimonos

Special at 49c

—regular 75c value. Made of good lawn with wide white facings; black and white; pretty mixed patterns; neatly made and cut with much fullness.

PERSONAL AND SOCIAL

MACCABEES GIVE A ENJOYABLE ENTERTAINMENT AT THEIR HOME.

Bayo Vista Tent. Knights of the Maccabees, enjoyed a delightful entertainment at their last meeting. After the business of the meeting the hours were spent in singing, recitation and a game of cards. A banquet was served and covered laid for 75. Speeches were made by Sir Knights Leonard W. Russell, Von Horst and Deputy District Organizer Irving.

The entertainment committee consisted of Sir Knights Russell, Cowin and Monds. The tent meets every Friday evening at K. of P. Hall on Twelfth and Franklin streets and all Maccabees are extended an invitation to visit the tent.

DELIGHTFUL TRIP.

Mrs. Kleeman and Miss Estelle Kleeman have just returned to their Madison street home after a delightful visit to Palo Alto and a stay at the Hotel Vendome in San Jose. At Palo Alto they were entertained by Miss Jennie Lathrop, niece of Mrs. Kleeman, and at San Jose they were the guests of Mr. and Mrs. Asa V. Mendenhall, who are spending their honeymoon about the picturesque town.

Mrs. Kleeman and her pretty daughter are planning a trip to Camp Meeker after the Fourth.

PICNIC LUNCHEON.

The members of the Tuesday Five Hundred Club will enjoy a picnic luncheon to be given on Thursday of next week at Piedmont Springs.

A basket lunch will be served and the affair promises to be very enjoyable. Those who will participate are: Miss Vivian Nicholson, Miss Mona C. Miss Mary Barker, Miss Anna Rawlings, Mrs. John Henry Dickmann, Mrs. James P. H. Dunn, Miss Margaret, Mrs. Thomas B. Phelps, Miss Violet Whitney, Mrs. Robert M. Fitzgerald, Miss Louise Mahony, Mrs. William Hamilton Morrison, Mrs. Alexander, Mrs. Mary, Mrs. George Strang and Miss Emma Mahony.

LUNCHEON PLANNED.

Mrs. Charles Rodolph will be hostess on Wednesday of next week at an informal picnic luncheon planned in honor of Mrs. George Martin of Berlin. The party will be given in the picturesque garden at Mrs. Rodolph's home and promises to be one of the most enjoyable events of the week. About twenty guests have been invited.

HOUSE PARTIES.

Mrs. Henry Wetherbe's hospitable home in Fruitvale was the scene of an enjoyable house affair this week. The guests were Mrs. Henry Reed of Chico and Mrs. Louis Risson Mead of Byron Springs.

Mr. and Mrs. Edgar Bishop will entertain a number of friends over the Fourth at their picturesque country home near Ben Lomond. Miss Clara Chabot is planning a delightful picnic at Willamette and the Chickering home at Los Gatos will be the scene of a merry gathering over the holiday.

PERSONALS.

Miss Mattie Ray and Miss Lola Ray arrived from Sacramento today to spend the summer in Oakland with their sister, Mrs. A. C. Goltan. Thirty-five street, Clara Capwell will leave in a few days for a brief visit to Pacific Grove.

Miss Lelah Chambers of San Jose is visiting her sister, Mrs. Leslie B. Snyder of 491 Prospect street.

Mrs. Ralph B. Stocker has just returned from a pleasant outing at Webster Lake.

Mr. and Mrs. Harrison Day, with their family, have just returned from a delightful stay in Montague, Shasta county, where they were the guests of Mr. and Mrs. Will Prather.

Mrs. H. Love and her son Mervin have gone to Santa Cruz, where they will spend a month's vacation.

Miss Esther E. Tigey of 881 Oak street will return to her home in Alameda next week after three years' study in Boston.

Miss Martha Snow, of Alameda, has returned from the States.

Miss Edith Merrill and her brother Herbert, accompanied by Mrs. Florence Ryder, leave tonight forureka, Siskiyou county, where they will spend their vacation with their aunt, Mrs. R. O. De Witt.

Miss Blanche Olive Borham left this morning for a trip to Los Angeles, Pasadena and Riverside, where she will be the guest of relatives. On her return she will visit Elgin, San Luis Obispo county, for a week.

Mrs. Mabel McCutcheon, of Eighth street, is going to Pacific Grove for a summer outing.

Mrs. Meyer Levy and family will spend the summer at Guerneville.

Mrs. E. Schwarzbach and son left this week for a two weeks' vacation trip up the Russian River.

BRITISH STEAMER BREAKS HER SHAFT.

ST. AGNES, Solli Islands, July 1.—A boat belonging to the British steamer Ping Suey and having on board her second officer and four of the crew, arrived here today and reported that the Ping Suey broke her shaft in the stern tube in latitude 49° N. and longitude 127° W. The vessel is in no danger.

The Ping Suey left Vancouver March 14 and Tacoma March 14, touched at Japanese, Chinese and other ports and sailed for Liverpool from Rangoon, May 26.

SAN QUENTIN CHAPLAIN WEDS.

Rev. August Dahms, chaplain of the State Prison at San Quentin, and Miss Jessie E. Danford of Aurora, Ill., were married last evening at the home of Mrs. A. E. Watson, 1419 Eighth avenue. Rev. Charles R. Brown, pastor of the First Congregational Church, officiated. The wedding was very quiet, the only witnesses being Mrs. Watson, her daughter, Miss Jessie E. Watson, and Mrs. Cropper, a friend of the bride.

Their honeymoon will be spent in the Santa Cruz mountains. As soon as they return they will make their home at San Quentin.

Mr. Dahms and his wife were schoolmates in Geneva, Ill., a small town near the home of the bride's parents. Chaplain Dahms is 53 years of age and his wife is 45.

PERSONAL AND MILLIONAIRE

CHARLES C. STILLMAN GETTING PRACTICAL KNOWLEDGE ABOUT RAILROADING.

At a plain rough board desk in the freight office of the Southern Pacific Railroad Company, at Sixteenth street, in West Oakland, sits a young man, with regular features, dark complexion, seemingly engrossed with his work. He is performing the simple duties of clerk and receives a salary of about \$75 a month.

This young gentleman is Charles Chumney Stillman, who, in his own right, is six times a millionaire and is heir to the forty millions or more which are supposed to be the worldly store of his father, James Stillman, president of the National Bank, the richest financial institution in America and interested in many railroads in various parts of the country.

Young Stillman has not been "cut off" by his father. On the contrary, the closest relations of father and son and business partners exist between the two.

At the son is getting a practical knowledge of the railroad business so that he may give his father the assistance of an experienced railroad man in the management of the transportation schemes in which he has invested very liberal sums of money.

In the mastery of the extensive study of railroading, young Stillman has passed through the department of section work or track-repairing. He has handled the cars and platforms at the West Oakland station. He has acquired proficiency in the sale of tickets at the passenger station, and now that he has obtained an insight into these branches of the industry he has been given a desk in the freight office where other intricate details of the calling are to be elucidated and mastered.

In this manner young Stillman will be shifted about from department to department until he shall have acquired a real knowledge of details of an industry in which the greater number of people who make most money out of it know least about.

Mr. Stillman is easy and methodical in his disposition and is able to readily grasp the details of each line of work. He is making a study of himself in his effort, neither is he slighting information which it is advisable for him to possess in the furtherance of his purpose.

There is nothing of the faddist about him, and this humble method of laying a foundation for the perpetuation of his family name has been carried out by him since he has completed the course which himself and others have outlined for his guidance.

Charles Stillman is treated as any other employee of the company. Good work is exacted from him and in his attire and habits there is nothing to distinguish him from the men who are making a living about him, without, however, the bolster of unlimited wealth behind him. His millions place no social barrier between Stillman and his associates. He is friendly with them and at noon, when lunch is to be disposed of, he joins them and takes on the varied subject which such assemblage arouses.

Speaking of him today, a well-known attorney of the Southern Pacific Railroad there was no question that before long young Stillman would be placed at the head of some railway system which is now controlled by his father.

CAR RUNS DOWN OLD MAN.

F. Herman, who resides at the Juanita Hotel here, was driving a buggy along San Pablo avenue at 6 o'clock last night and had arrived at Williams street when an automobile came puffing along and frightened his horse.

The animal swerved quickly to one side, got beyond the driver's control and sprang directly in front of a passing street car.

Motorman Price, who was in charge of the car, stepped on the brakes, but the whole thing was too sudden to enable him to stop quick enough to avoid a collision. The car, still proceeding with considerable velocity, struck Herman's buggy about midships, hurling it some distance, overturning it, smashing it into kindling wood, underneath which the owner was buried and it was for a moment thought by witnesses either killed or badly bruised.

Such was not the case, for, although the old gentleman had reached the age of 75, he was presumably decrepit enough to be put out of business by such a shock. He quickly scrambled out of the wreck and saying nothing about being injured began to drag the remains of his buggy out of the way of further harm.

PERSONAL AND MILLIONAIRE AS FOURTH OF JULY PROGRAM.

PLANS COMPLETE FOR OAKLAND'S GREAT NATIONAL HOLIDAY CELEBRATION.

The plans are now complete for Oakland's Fourth of July celebration and the grand marshal's orders, which give the final directions for the big parade, will be out tomorrow.

The parade will be headed by the Twenty-eighth Infantry with its band, under the command of Captain J. J. O'Connell and closely following will be a battery of artillery, which will march from the training station at Yerba Buena and another from Mare Island, including the cruiser Tacoma, the entire crew of the cruiser Tacoma, the vessel does leave before the Fourth.

The artillery will be under the command of Captain Bennett and will consist of eighty men, eighty-six horses, six guns and six ammunition caissons. This detachment will come over from San Francisco on one of the Southern Pacific ferry-boats and land at the foot of Broadway. The infantrymen from the mounted troops will start from there on the steamer Green and will land at the same place, while the Mare Island and Yerba Buena naval detachments will come on over small government steamers to the same point. The detachment from Yerba Buena will be in command of Lieutenant A. J. Hepburn and will consist of a company of marines, three companies of apprentices and a hospital corps.

These United States soldiers and sailors will make up two divisions, which will include National Guard Companies A, B and G of the Fifth Regiment, the mounted troops from San Francisco and the Veterans' Reserve. The regiments of the Cross Cadets and their band will form another division and the Congregational Cadets, the Cadet Reserves from Calvary Presbyterian Church across the bay, the Boys' Company from the Temescal Home and the Alameda Hospital Corps will form still another division, while the Woodmen of the World and their band will be in another division.

At the conclusion of the parade luncheon will be served at the visiting headquarters, number over 200, at the willows on Lake Merritt, previous to which the battery will fire a forty-six gun national salute.

Permission has been granted to the Twenty-eighth Infantry band to remain in Oakland during the afternoon and evening and it will play in the City Hall Park square during the evening hours.

For the bands alone the committee expects to expend over \$100, so there will be no lack of music for the celebration. Yesterday afternoon Dr. D. Rehl gave an exhibition of his new means of making a lake, an exhibition which is to be duplicated as a part of the afternoon program on the Fourth. The entries for the races at the lake close this evening and already there are enough championship contestants on hand to supply entries for senior, junior and intermediate races, and for senior and junior skill and single shell races. Tub and swimming races are also on the program.

In the evening fireworks displays will be held at Fifteenth and Broadway and on Broadway and Washington streets. For the races in the afternoon, the committee is arranging to decorate the winning boat with a blue flag for the formation of the spectators.

Superintendent Ott is having the streets to be traversed by the Fourth of July parade on Monday cleaned in good shape and is also building the necessary stands, one of which will be for the judges of the contests. This is being erected in Lake Merritt, about 150 feet from the east boulevard shore line. In order that the judges may have a good position from which to view the contests on the boulevard and also the boat races, another stand will be erected on the west side of Lake Merritt, under the willows, where spectators may view the contests.

Edward Moore, colored, a local expressman, appeared before "Cupid" Zambresky several weeks ago and obtained a license to wed Edna Harris without first consulting Edna on the subject. The maid of his choice declined the honor. Moore asked to have the \$2 license fee returned, but the clerk declined.

Dying before last Moore reappeared before Zambresky, dressed in a suit, smiling, and declared he had found a maid that was willing, and asked to have her name inserted in the old license. When he learned that a new license and \$2 would be necessary to insure his bliss, he announced his intention of remaining single and departed.

VANDALISM AT WORLD'S FAIR.

ST. LOUIS, July 1.—It is learned that an attempt has been made to wreck the great organ, the largest in the world, in Festival Hall, at the World's Fair, by cutting the secondary bellows. This will not affect the working of the organ, which can be operated with the primary bellows.

As a result of this attempt of vandalism, the company that is building the organ, which is only partially finished, will hereafter exclude from the stage, all except those employed in the construction of the instrument.

CALIFORNIA CO-OPERATIVE MEAT COMPANY.

Although the company has been in business but a short time, they claim that their trade has increased to such an extent that they have found it necessary to open more shops. At present there are four meat markets in different parts of the city, the principal retail shop being at 457 Seventh street, the others being located at San Pablo avenue and 617 East Twelfth street, with the main office at 236 Twelfth street. This company states that four more shops will be opened in the near future, being such that immediate expansion is necessary.

Mr. J. R. Richardson, the secretary, says that the trade they enjoy thus far is beyond all expectations and it is increasing at such a rate that it is absolutely essential to branch out at once in order to comply with the demand for their meats and that the class of beef, mutton, pork and veal they handle is of the very best—especially prepared for their trade, being grain fed, with careful attention in slaughtering and shipping the same to market.

YOU MUST ANSWER.

Would you buy a \$300 velvet couch for \$5, if you could? You can by buying at the factory, Wakefield Mfg. Co., 461-463 14th st., Oakland, Tel. Red 2575.

Special

200 beautifully

Miss Hapgood tells how she was cured of Fallopian and Ovarian Inflammation—and escaped an awful operation by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for four years with what the doctors called Salpingitis (inflammation of the fallopian tubes) and ovaritis, which are most distressing and painful ailments, affecting all the surrounding parts, undermining the constitution, and sapping the life forces. If you had seen me a year ago, before I began taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion, and general emaciated condition, and compared that person with me as I am today, robust, hearty and well, you would wonder that I feel thankful to you and your wonderful medicine, which restored me to new life and health in five months, and saved me from an awful operation, with all its terrors, may easily result from neglect."

Ovaritis or inflammation of the ovaries or fallopian tubes which add to the ovaries may result from sudden stopping of the monthly flow, from inflammation of the womb, and many other causes. The slightest indication of trouble with the ovaries, indicated by dull throbbing pain in the side, accompanied by heat and shooting pains, should claim your instant attention. It will not cure itself, and a hospital operation, with all its terrors, may easily result from neglect."

"DEAR MRS. PINKHAM:—I can truly say that you have saved my life, and I cannot express my gratitude to you in words."

"Before I wrote to you telling how I felt, I had doctored for over two years steady and spent lots of money in medicine besides, but it all failed to do me any good. My menses did not appear in that time, and I suffered much pain. I would daily have fainting spells, headache, backache, and bearing down pain, and was so weak that it was hard for me to do my work."

"I used your medicine and treatment as directed, and after taking three bottles of Lydia E. Pinkham's Vegetable Compound, menses appeared, my womb troubles left me, and I have been regular ever since. I used fourteen bottles of Lydia E. Pinkham's Vegetable Compound and Blood Purifier together, and am now restored to perfect health. Had it not been for you, I would have been in my grave."

"I will always recommend your wonderful remedies, and hope that these few lines may lead others who suffer as I did to try your remedies."

Such unquestionable testimony proves the power of Lydia E. Pinkham's Vegetable Compound over diseases of women. Women should remember that they are privileged to consult Mrs. Pinkham at Lynn, Mass., about their illness, entirely free.

SHOT AND KILLED HIS LANDLADY.

COLD BLOODED MURDER OF YOUNG WOMAN IN CHICAGO.

CHICAGO, July 1.—After killing his former landlady, Mrs. Annie Wackiwski, Stephen Wackiwski has been pursued for blocks by scores of foreigners and rescued when bruised in the conflict.

Wackiwski lived at Mrs. Wackiwski's until a few days ago, when the woman forced him to leave because of immorality. He knocked at the door last night and when Mrs. Wackiwski opened it he rushed into the vestibule, drew his revolver and fired twice. Both bullets struck the woman in the right arm. She ran to the kitchen shouting for help. A boarder saw Wackiwski shoot again. The bullet struck Mrs. Wackiwski just below the right shoulder.

The woman leaped against a screen of an open window, it gave way and she fell eight feet to the ground, dying shortly afterward.

The assassin rushed out of the front door, still holding the revolver. A score of men saw him and pursued. Their number was increased until hundreds, mostly foreigners, had joined the chase. They had surrounded Wackiwski when the police came.

Mrs. Wackiwski was 27 years old and left a husband and two children, one an infant.

WORKING TO SAVE ORCHARDS.

PROFESSOR C. W. WOODWORTH WHO IS LABORING IN THE INTEREST OF ORCHARDISTS.

BERKELEY, July 1.—A disease that threatens to destroy the pear orchards of the State has been reported to the agricultural department of the University of California from certain localities in both the Sacramento and San Joaquin valleys and now the professors in the college who are not absent on their vacations are giving the subject their full attention.

Professor C. W. Woodworth, the eminent entomologist, and Professor R. E. Smith, plant pathologist, are making a particular study of the disease.

Pear blight makes its appearance on the branches of a tree and kills it by inches. The best method of treatment that the professors have found therefore is to cut off the affected branches and burn them.

Mr. Holtz has carefully considered, and comprehensively grasped the situation, favorable situation of Oakland and its people. He will take a broad-gauge view of the whole subject involved in the growth of this city from its present status to its projected place as one of the great central commercial centers of the earth. He will look forward and not backward, from the village features and characteristics of the present, the system and attitude that will produce the great city of the future.

ELECT TEACHER AT NILES.

ORIENT CHAPTER OF THE EASTERN STAR VISITED BY DISTRICT DEPUTY.

NILES, July 1.—Miss Kittie Mosher will teach the Stonybrook School this coming term.

Eastern Star, Orient Chapter, met at Centerville Lodge Wednesday evening. A full attendance greeted the district deputy, Mrs. Emery, who had, with her husband, come up to instruct the chapter in the work. A report was served after the meeting.

Word has been received from Mrs. H. Crafts at Redlands that the Rev. Madison D. Hale, Mrs. Crafts' brother and our pastor here, is not quite so well. It is hoped Mrs. Hale will soon be entirely well, as his friends and parish feel anxious when such unfavorable news is received about him.

Mrs. J. A. Bunting and Mrs. J. W. Chandler gave a "box" party at the home residence, "Sycamore Farm," near Centerville Thursday to which all the ladies of the township had been invited. The beautiful home was simply but effectively decorated. The prizes were beautiful and were won by Mrs. H. Crosby, Mrs. H. Ellisworth, Mrs. T. Withers.

The ladies were charming hostesses and all who participated enjoyed it immensely. After the game refreshments were served.

Many guests are rejoining at The Edwair. Mrs. Chittenden is doing everything to make them comfortable and happy and all are having a glorious time.

Mrs. J. Velsir visited friends in Oakland Wednesday.

Mrs. Consuelo Howard and Mrs. Hiley were the guests of Captain and Mrs. Howard at a theater party Saturday evening in San Francisco.

NEW COUNTRY IS OPEN TO PUBLIC.

The California Northwestern Railway is making special low rates this year for the Fourth of July holidays. Tickets go on sale Friday, July 1, and will be sold on the 2d, 3d, 4th, and 5th, with return limit Tuesday, July 5.

During the past two years the company has extended its road from Ukiah to Williams and from Williams to Sherwood, opening a practically unknown country. The ride over the mountains affords one of the most beautiful trips on the continent. Between Ukiah and Ridgewood the road ascends from 100 feet above the sea to 1000 feet. At Williams the elevation is 1364 feet and in the thirteen miles between Williams and Sherwood the road reaches a 2265 feet above the sea. At En Cima, the summit, then descends into Sherwood valley, where the elevation is 2250 feet. The view from En Cima, the summit

DEMOCRATIC WARHORSES ARE GATHERING.

Cleveland, Parker and Hearst Talk— Newlands is Being Boomed for Vice-President.

While the California delegates to the St. Louis Convention are speeding on their way east, the shadow of Grover Cleveland is beginning to loom rather large on the horizon. John R. McLean, who is vigorously boosting Cleveland, has been having a heart to heart talk with William Randolph Hearst. McLean is a Vice Presidential possibility and is opposed to Bryan. After his talk with McLean, Hearst said:

"The Democrats must get together, nominate a ticket and adopt a platform that will convince every one that the party has a great mission to perform, and they must enter the campaign aggressively and confidently and make a spirited fight from now until election. We must subordinate all personal ambitions to the supreme purpose of winning a truly Democratic victory—a victory that will surely redound to the benefit of the people."

"If Mr. Cleveland should be nominated would you support him?" Hearst was asked.

Hearst paused for a moment, frowned faintly and then smiled.

"Well," he said, "I have supported Cleveland three times for the Presidency, and I am inclined to think that is enough. I shall, however, abide by the decision of the convention, whoever the nominee may be. But why discuss Cleveland as a serious possibility? He is merely brought forward by shrewd politicians in the hope of forcing the radicals into a compromise on some re-organizer less objectionable."

WARM GREETING IN COLORADO.

Denver Democrats Dine and Cheer California Delegates.

PUEBLO, Colo., July 1.—The most enthusiastic reception so far received was there accorded the delegation. A committee of the Denver Democratic Club met the delegation at the Union Depot when the train pulled in at the

noon hour. Luncheon was served at the Democratic Club and at the Brown Palace Hotel. A special sightseeing car was then provided for the Californians and their delegate guests and about two hours were enjoyably spent in viewing the points of interest in Denver and the surrounding territory. The Californians took advantage of the occasion to work up as much Hearst enthusiasm as possible by giving their convention yell.

Boom, boom, boom!

First first, first!

California, California, California!

Hearst, Hearst, Hearst!

Whenever the streets were thickly crowded generous responses were received on all sides. A large crowd, marshaled by Tom Patterson, Colorado's junior Senator, accompanied the delegates to the station and gave them cheers on their departure.

Upon pulling out of Denver, the Californians had the good fortune, for them, to run into a genuine Eastern lightning and thunder storm. It was the first time that many of the young persons on board had witnessed this spectacle and it would be difficult to say whether they were more frightened or pleased at the experience.

MORE CLEVELAND TALK.

Said To Be The Only Man Who Can Defeat Parker.

ST. LOUIS, July 1.—There is a very general feeling here that Cleveland is the only man who can beat Parker before the Convention, and many delegates do not share the antipathy of the Missouri Democrats toward the former President. Indeed, one hears the frequent claim that there would be doubt about Cleveland's election should he be the nominee.

But nobody wants Cleveland. The difficulty about the Parker opposition making headway is that, aside from

Bryan and Hearst, it is not aggressive. Not much attention is paid to the hostility of Tammany Hall, and there is a feeling here that Murphy's support of Cleveland is prompted only by a desire to defeat Parker, in the hope that then Mayor McClellan will be the choice.

There are really no signs yet of any check in the Parker tide, which is still rising. Every Democrat of prominence who has been interviewed here expressed the opinion that Parker would be the choice of the convention. This is based entirely on the belief that Parker will have at least a majority of the Convention at the start, and that any man who gets that is certain of the nomination.

Some Western delegates arrived today. Senator Fred Dubois of Idaho, when asked what he thought of the Presidential outlook, said he saw nothing but Parker.

"Who will they nominate after they have beaten Parker?" he said. "Would it be Cleveland? Why, more than a third of the Convention would stay here until the election before allowing the nomination of Cleveland. An attempt to nominate Cleveland will throw the Convention into the hands of Bryan. The Convention will nominate Parker because it has no other man to nominate."

Senator Dubois declares that he will get an anti-political plank into the national platform.

Former Senator George Turner of Washington, came to St. Louis today with a small but earnest Vice-Presidential boom. The states of Idaho and Washington are instructed to vote for Turner for that position and the few delegates from that region are making a little stir about a Pacific Coast man for second place.

JONES VOUCHES FOR BRYAN.

Democratic Chairman says Nebraskan Will Not Bolt.

PITTSBURG, July 1.—"William J. Bryan will not bolt his party ticket if Judge Parker is nominated for President. Of this I am confident," declares ex-Senator J. K. Jones, national Democratic chairman, in this city last night while en route to the St. Louis convention. "As to what Mr. Bryan might do if Mr. Cleveland is nominated I could not say, but I regard the nomination of Cleveland as little short of an impossible contingency."

CLEVELAND EASY TO BEAT.

Veteran Lou Payne's Opinion of the Political Situation.

(Special to the Examiner.)
WASHINGTON, June 30.—The President, it is reported to inner chambers of the executive offices, is getting nervous over the probability that the Democrats will unite at St. Louis on a good, strong, thorough Democrat as his opponent.

It is known that the President discussed this question with Senator Hansbrough and with the Hon. Lou Payne of New York.

Mr. Payne was sent for by the President in order, if possible, to patch up the feud which Mr. Payne said today has lasted nearly for "twenty years."

The President wants now to find out how far the equivalent plank in the platform has satisfied the farmers of the West who wanted immediate revision of the rates on lumber, twine and agricultural machinery.

Mr. Payne said today to an "Examiner" reporter at the railroad station:

"If the Democrats put up a strong man there will be no doubt about the election. I have thought so and I think so still. The chances are, however, for Republican success with united and harmonious work, and this, it is expected, will be done."

"How about Cleveland?"

"He would be the easiest of all the Democrats to defeat, inasmuch as he could not poll the full vote of his party."

BRYAN WANTS GOOD CANDIDATE.

He Also Desires a Platform Free From Evasions.

OMAHA, Neb., July 1.—William J. Bryan spent Thursday here, being on his way to St. Louis. He met a number of political friends, to whom he talked of the convention. He refused, however, to express an opinion as to who would be the Presidential nominee.

"I hope for a good platform and a good candidate as the result of the convention," he said. "By a good platform I mean one that honestly and without evasion states the Democratic position on public questions. By a good candidate I mean one who is enthusiastically supported by good Democrats. And by good Democrats I mean those who have in the last two campaigns aided the Democratic fight against plutocracy."

PERRY HEATH DEPOSED.

Senator Kearns Retires Him From Salt Lake Tribune Management.

SALT LAKE, July 1.—Perry S. Heath has been deposed as political manager for Senator Thomas Kearns and as manager of Kearns' two newspapers, the Tribune and the Telegram. Joseph Lipman, United States District Attorney and director of Kearns' Senatorial campaign, will become manager of the Tribune and will control the policy of the Telegram.

Heath took the management of the Tribune in October, 1902, and started the Telegram about four months later. His management and his interests have all the while been in the hands of Senator Kearns. Heath has gone to Nova Scotia. He said before leaving that the time of his return was uncertain.

STILL HOLD THEIR JOBS.

Mint Employees Are Given Another Month Grace.

SAN FRANCISCO, July 1.—Quite unexpectedly the order came from Washington yesterday that the twenty men slated for dismissal in the United States Mint at the end of the fiscal year last night were not to be discharged. The sudden determination of the officials, as they had ordered the wholesale discharge of employees, is accounted for by the fact that at the same time Superintendent Leach received word to retrain the men he got a telegram to continue

25c

Ladies' and children's colored border hemstitched handkerchiefs. This is just the thing for outing and good common usage. For the Fourth

40c dozen

HAVENS WILL IS PROBATED.

CONTEST OVER THE LAST TEST- AMENT OF DECEASED IS ABANDONED.

According to the agreement arrived at last week between John W. Havens and the brothers of his late wife, who was formerly Gertrude Goevey, the last will of Mrs. Havens was probated today without opposition. Mrs. Havens left two wills. One she made on her marriage day in which she left all of her share in the Goevey Estate Company to her four brothers. Shortly before she died she made a second will in which she

left everything she possessed to her newly born son and heir.

The last will was filed for probate by John W. Havens on behalf of the child and a protest was immediately filed by the Goevey brothers, who filed the will made a couple of years before. They claimed that their sister was not competent to make a will at the time of her death and that she had been unduly influenced.

Several months passed with matters in this condition, when there was a compromise finally agreed upon last week whereby the brothers agreed to withdraw their contest for about \$2500 and some personal effects of the deceased. The child, which since its mother's death, has been named John W. Havens Jr., will get his mother's entire share in the Goevey Estate Company, which is valued at about \$10,000. In accordance with the compromise the will presented by the brothers was withdrawn today and the last will leaving everything to the child was admitted to probate without bonds.

OREGON'S LUMBER SHIPMENT.

PORTLAND, Ore., July 1.—During the year ended June 30 this city exported to foreign ports 80,245,538 feet of lumber of the value of \$455,315. Most of these exports went to the Orient, including heavy shipments of plating sent to Tsing Tau, China, although large portions were exported to South Africa.

TRANSPORTS SAIL TODAY.

SAN FRANCISCO, July 1.—Two army transports sailed today, the Sherman for Manila via Honolulu, and Guam, and the Buford for Alaska. The Sherman carries about 100 saloon passengers, 37 unassigned field artillery recruits, 33 unassigned recruits for the coast artillery at Honolulu, 4000 tons of army supplies and \$5,000,000 in money. Of this amount \$2,000,000 is in the form of silver certificates and \$3,000,000 in specie.

Captain Robert L. Hamilton is in charge of the recruits. Brigadier-General F. M. Cox is a passenger for Manila.

On board the Buford, bound for Alaska, are about 800 men of the third infantry, who are to be stationed for the coming year at the various military posts of the far north. Two thousand tons of army supplies are in the Buford's hold.

LOSSES MATTING.

D. W. Burris, residing at 605 Ninth street, reports the loss of \$14 worth of matting from his wagon while it was standing at the corner of Thirteenth and Harrison streets.

The House That Saves You Money.

PROF. GAYLE WAS GENEROUSLY CHEERED

That our California professors are appreciated by other States as well as their own is proved by the remarkable demonstration with which the students of the University of Michigan greeted the announcement at their commencement last Thursday of the conferring of the degree of Doctor of Laws upon Professor General Mills Gayle, of B. Michigan. The eminent scholar and author on English literature and writer of "The Yellow and the Blue," The Detroit Free Press says that when the name of the author of the college song was mentioned the applause, which in other cases had been generous, became unanimous, and that the cheering lasted for several minutes. The university hall was jammed to its utmost capacity, seating and standing, by graduates, parents, friends and those who go every year. The graduating class of itself numbered 734 students. The degree of Doctor of Laws was conferred upon four of the alumni: Dr. F. H. Gerish of Bowdoin Medical College, Lawrence Maxwell Jr., formerly Solicitor General of the United States; Professor Calvin Thomas of Columbia University, and our own Professor Gayle. Last year this degree was conferred upon Professor Bernard Moses of California, also a graduate of Michigan.

FATHER DENIES STEALING CHILD.

J. H. Howard, who is alleged to have kidnapped his 10-year-old son from the Temescal Home yesterday, was arrested at Livermore last night. He was brought to this city and was arraigned on a charge of child stealing. He says he is not guilty and says the child of his own accord followed him.

His preliminary hearing has been set for July 7. Bail was fixed at \$2000 cash or \$2500 bond.

BERKELEY REPUBLICANS HOLD GREAT RATIFICATION. AT UNIVERSITY ENTRANCE.

BERKELEY, July 1.—With addresses, music and fireworks, the first big meeting held in the State to ratify the nominations of Roosevelt and Fairbanks, was conducted last night in the open air at the Center street entrance of the State University. The ratification was the first gun fired by the Berkeley Republican Club in an aggressive campaign that has been continued for this fall and the success of the occasion was indicated by the hundreds of people who slowly filled Center street for half a block.

The affair proved to be a good old-time Republican demonstration.

The space about the speakers' platform and the bandstand was brilliantly lighted with red fire before the program was opened and the crowd was kept amused by the firing of skyrocket.

On the plaza an anvil was fired and a bonfire lighted.

CENTER STREET DECORATED.

The decoration of Center street with flags and palms was heightened with brilliant Japanese lanterns that were hung from doorways and windows in the Thomas block. The speakers' stand was tastefully draped with flags and before it were placed pictures of McKinley, Roosevelt and Fairbanks.

THE VICE-PRESIDENTS.

The meeting was presided over by John M. Foy and the following occupied places on the platform as vice-presidents:

Major Thomas Rickard, of the State Executive Committee; George D. Metcalf, Congressional Committee; Dr. Hubert N. Rowell, S. W. Wyckoff and A. L. Ott, of the County Central Committee; Charles E. Thomas, chairman of the Republican City Central Committee and Alvan G. Clarke.

POY OPENS MEETING.

In opening the meeting, Chairman Foy said:

"We are gathered here tonight to show our devotion and loyalty to the Republican party. We are here to start a campaign in Berkeley that will be marked with the same enthusiasm throughout."

"I need not introduce to you W. W. Wastie, the first speaker of the evening. He is known by almost every man, woman and child in Berkeley."

ASSEMBLYMAN WASTIE SPEAKS.

Assemblyman Wastie was received with enthusiastic cheering and hand-clapping. He said:

"When Chairman Foy said that he was calling on citizens for campaign material he might better have asked me for campaign material. I feel a happy camp home in the northern part of the State to come here to assist in raising enthusiasm."

"We are not called here tonight to take up any political issue but we are

here to take part in a Republican love-feast. This stand is located in the strongest Republican precinct in the State. There are more Republican voters residing in this locality than any other place in California.

The speaker then told an amusing fish story that sent the crowd into convulsions of laughter but which served to touch on the shrinkage of the Democratic party.

"The Republican party is not encumbered with dead issues," went on Assemblyman Wastie. "It is a party that is constantly pushing forward. We are glad that the man who stepped into the place of the late lamented McKinley is able to lead the party during the coming four years."

DE KOVEN QUARTET.

The De Koven Quartet rendered a selection and an encore and then Town Trustee Redmond S. Staats spoke as follows:

"We are here tonight to ratify the action of that great ratification meeting held in the city of Chicago just one week ago, when the representative men of the Republican party in convention assembled fulfilled the duty imposed upon them by countless American citizens by nominating for the highest position in the gift of the people, that fearless soldier that wise statesman, and that typical American, Theodore Roosevelt. We are here tonight to ratify their action in nominating for the office of Vice-President, that favorite son of Indiana, Charles W. Fairbanks. We are here tonight to lend our enthusiasm for the good old Republican principles, to lift our voices in the sentiment of loyalty for the grand old party, and to reaffirm our belief in the policy of protection and all the other doctrines laid down in the various planks of the Republican platform."

"We as Republicans have in the past record of our party a heritage of which we may well be proud. The names of Grant, Blaine and Harrison are written in great letters in the Book of Fame. The names of Lincoln, Garfield and McKinley, martyrs to the principles of liberty, will ever be held in fond remembrance by the American people and a continual inspiration to the American youth of the possibilities open to ambition when joined with honest courage, patriotism and fidelity to country."

"Today we are still in control of every branch of government. Today prosperity is still with us. Today our factories and mills, fostered and built by a beneficent protective tariff, are not only furnishing our own country with their productions, but with the stamp 'Made in the United States' are sought and sold in every nation on God's footstool. Our merchant marine is receiving an impetus due to our great commercial development and that the encouragement proffered by the Republican platform, American ships will soon transport the American youth of the possibilities open to ambition when joined with honest courage, patriotism and fidelity to country."

LARGE CROWD IN ATTENDANCE.

pendent and marks him as the equal of any other citizen of this grand commonwealth.

"Through the instrumentality of a navy developed and enlarged by the Republican party, the flag of our country that during Democracy's rule was derided and insulted, is now treated with respect wherever it appears, and American citizens in whatever land or whatever clime they may happen to be, feel the protection that is afforded them by the power of a nation that has asserted herself as a factor in the world."

"And while we are rejoicing in the achievements of our party and ratifying the nominations that guarantee us a continuation of the blessings that we now enjoy, we view with complacency and amusement the condition of the foe, which so much resembles the plight of the Irishman, who, hearing the cry of fire in the structure in which he was residing, grabbed his trousers, pulled them on wrong side forward and took a mighty leap from his window; a friend rushed up and shouted, 'Pat, are you killed entirely?' But he picked himself up from the ground, and surveying his condition, replied, 'No, but I am damn badly twisted. And so the Democratic party is in a badly twisted condition, rent and torn by internal dissensions, it presents a dreary aspect. But not withstanding their condition let us bend our energies that the greatest majority ever known in the country is given for Roosevelt and Fairbanks."

"STUDENT SPEAKER.

As the representatives of the Students' Republican Club, of which he is president, Philip M. Carey spoke as follows:

"If the political issues in the campaign that we are entering upon could be eliminated, and we could lift it up into the higher plane of the ideals of citizenship, the Republican party would still have a leader. In his address to the Parliament of Nations, Theodore Roosevelt gave the highest expression of the ideals of American citizenship. He told those men that they had been chosen for the purpose of personal fitness, respect of party affiliations; that as long as their fitness was apparent they would be retained in office; that as it was not they would be discharged."

"This is the idea of American citizenship that was taught to him in his university. It is the idea of citizenship that we all hold. Charles W. Fairbanks, Senator from Indiana, nominee for Vice-president, is also a believer in these high ideals."

"We ratify the nomination of these young Americans, of these constructive statesmen of our day."

The evening was then closed by more music by the quartet and band and an address by Judge John Davis of Alameda.

COUNCILMEN MEET IN COMMITTEE.

CITY FATHERS PASS ON MEASURES WHICH ARE OF INTEREST.

Last night when the proposed theatrical ordinance came up for discussion before the Ordinance and Judiciary Committee of the City Council there was considerable variance of opinion as to its respective merits.

Councilman Cuvellier moved that the ordinance be recommended to the Council for passage. He stated that the proposed measure, while it was not a drastic one, would be like it that it was a great improvement on the present state of affairs and would give patrons of theaters additional protection.

Dornin—What is the difference between the state of affairs now and outlined by the proposed ordinance?

Cuvellier—There is considerable. Pendleton—You may as well leave the theaters as they are as to adopt that ordinance.

Dornin—I do not especially favor this ordinance.

Cuvellier—Why do you not draw one then?

Dornin—I will take the matter in charge. It has been in your committee.

Cuvellier—It has been in the Ordinance and Judiciary Committee.

Pendleton—Does the Chief of the Fire Department approve of the ordinance?

Cuvellier—I do not know. I suppose he would want more drastic measures.

Cuvellier—After considering the ordinance, the committee recommended the ordinance for passage.

Councilmen Wallace and Elliot said they might change their vote in the Council.

LAY OVER FIRE HOUSE MEASURE.

The ordinance appropriating \$3,000 for the erection of a fire house in Golden Gate was referred to Fire Chief Ball for his approval.

It was recommended that the sidewalk on Watson avenue be widened.

STREET COMMITTEE.

The Street Committee then convened and passed on the routine before it.

The petition of A. Mayer and others to close East Twelfth street, between Eleventh and Thirteenth avenues, was laid over.

It was recommended that the City Engineer prepare plans for grading curbing and macadamizing Broadway, between College avenue and Thirtieth street.

The committee recommended that twenty days' notice of sidewalk Sixteenth street, between Market and West be given.

The appropriation of \$500 for a storm water sewer in Canning street was laid over.

APPROVE STONE'S BID.

The bid of T. B. & A. Stone of \$14,550 for construction of a sewer in East Fourteenth street and Twenty-second avenue was recommended to the Council.

REJECT BIDS.

The bids of the Oakland and Bayview Company and the Ransome Construction Company to construct a sewer in Broadway from Twelfth street south were laid over.

The entire matter was referred to the City Engineer for his opinion. It was further recommended that bids be re-advertised.

It was recommended that the petition of School Director Hardy for a sidewalk on Moss avenue be granted.

The committee recommended that a restriction of intention of sidewalk Twentieth street, between East Twelfth and East Fourteenth streets, be passed.

The committee recommended that Isabella Phillips, director of the city street, be removed from the position of director of the city street.

LIQUOR LICENSE COMMITTEE.

The Liquor License Committee met and discussed the matters which were before it.

The application of Adolph Richt for a license at 117 Fifth street was laid over. It did not have the requisite number of signatures.

The application of Nicholas Rizzo, 817 San Pablo avenue, was referred to the Council without recommendation. The applicant's signatures were not attached to the application. Elliot and Wallace voted against the license. McDaniel and Cuvellier voted to recommend it.

APPLICATION LAID OVER.

Owing to the protest of Ell Henderson and others against granting a license to C. Cronin at 5514 Telegraph avenue, the application was laid over two weeks.

LIQUOR LICENSE GRANTED.

The following liquor licenses were recommended to be granted: Bush & Baker, 1152 Washington street; Frank Johnson, 707 Fifth street; E. H. Haxel, 127 Seventh street; Dennis J. Reardon, 1412 San Pablo avenue.

FIRE AND WATER COMMITTEE.

The petition of the Pacific Book Manufacturing Company relative to placing a hydrant at Second and Oak streets was laid over for the committee to see if the petitioner and the Water Company could not come to some sort of an agreement.

Cuvellier thought that the Water Company would be willing to put the hydrant in providing that sufficient water in the neighborhood would be consumed.

"We can only request the Water Company to place a hydrant there. We cannot order it placed there," said Cuvellier.

The other members of the committee agreed to this and the matter went over.

The petition for a new hydrant at Lee and Jayne streets and Perry and Sumner streets was recommended to the Council by the Fire and Water Committee.

CAMPAIGN OPENED.

NEW YORK, July 1.—At a mass meeting in Cooper Union, the Republican Club has formally opened the local campaign. The meeting was called ostensibly to ratify the ticket nominated at Chicago.

Former Senator Thurston of Nebraska made the principal speech. He reviewed the Republican Administration of the last eight years in all the various departments of government, and summed up their achievements by declaring that the American people in looking over the history of these years must admit that the "party has done trebly well."

Demonstrations of approval occurred several times during the Ex-Senator's speech. An allusion to the Perdicaris incident was loudly cheered.

CLOSED FOR TWO WEEKS.

JOPLIN, Mo., July 1.—A two weeks' suspension of work will be granted the miners and operators of the Joplin district, beginning July 24. Notice to that effect has been sent to mine operators and producers by the Missouri and Kansas Zinc Miners' Association.

CONFESSED THE CRIME.

HAVANA, July 1.—A Cuban negro has confessed that he was the perpetrator of the bomb explosions recently on the Cuba Eastern Railroad at Guantanamo and James Stuart, a Jamaican, who had been arrested on suspicion of having caused the explosion, has been released.

The best Stomach and Liver Pills known and a positive and speedy cure for Constipation, Indigestion, Jaundice, Biliousness, Stomach, Headache, and all ailments arising from a disordered stomach or sluggish liver. They contain in concentrated form all the virtues and values of Munyon's Paw-Paw tonic and are made from the juice of the Paw-Paw fruit. I unhesitatingly recommend these pills as being the best laxative and cathartic ever compounded. Get a 5-cent bottle if you are not perfectly satisfied I will refund your money.

MUNYON.

CONCERT WAS A SUCCESS.

FRUITVALE PARSONAGE FUND RECEIVES GOODLY SUM.

FRUITVALE, July 1.—The concert given last night by the Harten family, consisting of mother, father and six children, was a success financially and artistically.

The entertainment took place in the Army and was for the benefit of the Congregational church parsonage building fund.

HIGH SCHOOL PLANS.

On Tuesday evening next a meeting will be held in Dewey School, Lower Fruitvale, for the purpose of organizing a Union High School District, embracing Melrose, Fruitvale, Lockwood and Elmhurst school districts. Trustees and residents from those districts are cordially invited to attend.

PERSONALS.

Charles S. Alvord, who has been quite ill, is now able to be around.

WHEAT CROPS OF THE NORTH.

PORTLAND, Oregon, July 1.—The total production of wheat in the States of Oregon and Washington for the cereal year which ended June 30, 1904, was \$38,884,970 bushels as compared with 41,679,455 bushels last year. The shipments (in round figures) of wheat measure) 4 1/2 bushels to the barrel) were distributed as follows: Shipped foreign from Puget Sound, 11,585,168 bushels; from Portland, 3,400,000 bushels; Shipped East by rail from the coast, 1,783,557 bushels; coastwise to California, 4,255,539 bushels.

The balance, 7,309,261 bushels was consumed at home, is still unsold in the hands of the farmer or is retained for seedling.

BOY COMMITTED SUICIDE.

NEW YORK, July 1.—A 13-year-old lad, Alexander Johnson, has hanged himself at the home of Frederick K. Allen, president of the Village of Pelham Manor, because his sister, a child in the family, compelled him to marry early. Johnson had just graduated.

Bright's Disease and Diabetes.

MAINE, TEXAS, OHIO, MASS. AND ILL. LAST WEEK REPORTED UNDER THE CASES RECOVERING UNDER THE FULTON COMPOUNDS.

Mrs. Irene Underwood, Ripley, Ohio: "I heard of your Bright's Disease Compound in Galveston and got a half dozen from J. J. Schott. When I got it, I was in the family of the form bottle, am much improved and don't want to get out of it."

Mrs. Alice Morton, Sebring, Ill.: "I have been on the Diabetes Compound for a week and it is benefiting me already. I am feeling so much better. Can't get it in Chicago without paying in gold way out to San Francisco?" (She can. Colbert Drug Co., State and Monroe streets, are our agents in Chicago. We have agents in all important cities.)

John C. Betram, Bristol, Ill.: "I am happy to report quite an improvement (Bright's Disease). An analysis made by my doctor yesterday showed 1010 no albumen. Am gaining in strength and feeling better all around."

Mrs. A. H. Hill, 11 Midland st., Boston, Mass. (Bright's Disease). "The dizziness I think going down as I go up stairs much better. I am both thankful and grateful. I am going to New York to stay some time. I see from your list of agents that I will have no trouble in getting the compound there."

Thomas McGinn, Topeka, Mo. (Sugar Diabetes). "I am on the third bottle of your Diabetes Compound, was drinking two gallons of water daily; since taking the compound only a quart as much. The pains have left my stomach. I sleep well, feel good, and am still improving."

Leigh Hutchins, Houston, Tex. (Bright's Disease). "Am getting along well; there is no doubt about the improvement, weight is within one pound of what it was fifteen months ago. I am on the compound three months today, appetite good, sleep well and bad feeling in head nearly gone."

About 75 per cent of all cases of Bright's Disease and Diabetes are curable by the Fulton Compound. Send for literature and list of agents. Jno. J. Fulton Co., 409 Washington street, San Francisco, sole compounders.

When do suspect Bright's Disease—puffy ankles or hands—we know without visible cause—kidney trouble after the third month—frequent urination—smoky urine—failing vision—day drowsiness—one or more of these.

Secures the most complete 12-room house with about 10 acres of land, fronting on San Leandro road, within a block of the San Leandro bridge, corner of 14th and Peralta Sts., with all varieties of fruit trees, such as apples, peaches, cherries, plums, apricots, pines and a great variety of berries. We offer this property for sale at a low price. A great sacrifice; the property has been reduced from \$20,000 to \$13,000.00. Must be sold within a few days. The orchard alone net

A REMARKABLE MAN

People Throng from All Parts of the Country to See This Remarkable Man and All Go Away Satisfied.

HIS JUST METHODS APPRECIATED BY RICH AND POOR ALIKE—CONSULTATION FREE TO ALL.

The deaf, lame, blind and rheumatic are cured by a new system of medicine from Europe.

Rama's cures have puzzled the whole medical fraternity and astonished the world. He uses certain secret preparations imported from Europe. His treatment is quick and permanent, and he protects his patients by taking only those cases that can be cured.

No living man has made the record that Rama has in eight years' time in America. He has received more testimonials and sworn affidavits than any living physician.

Rama treats no acute diseases but makes an entire specialty of chronic diseases. Long standing cases given up by doctors and pronounced incurable he most desires to see.

All sufferers from Nervousness, Dyspepsia, Liver, Kidney, Stomach and Blood Disorders, Piles, Catarrh, Bladder and Urinary Troubles, Rheumatism, Paralysis, Neuritis or Sciatica should call at once.

Special Quick Treatment for Private Diseases of Men and All Diseases of Women.

NOT SENSATIONAL STORIES.

The reported cures by Rama are not sensational stories. Many of them seem to be of miraculous nature and almost surpass belief, but no claims are made that are not based on facts. No cures reported but what are true. Names and addresses are given, and responsible and respectable people will be there who will cheerfully attest to the claims of Rama, the medical and surgical specialist, whose cures are the subject of so much talk. The cases that are published are only occasional ones out of hundreds that have occurred. Owing to the delicacy of afflicted persons to having their names used in the more startling cures made by Rama with his wonderful system of treatment are never made public, but enough have been published to prove that Rama's methods of curing disease are far in advance of any other system or institution in this country.

FREE FOR ONE WEEK.

Examinations and all Consultations absolutely free. Call and be examined and at least learn the cause of your disease. It costs you nothing and may save your life.

Offices permanently located at 1028 Washington street.

TRAINS WILL STOP HERE SOON. WIXSON PROVES A BOLD HERO.

CITIZENS ARE ENTHUSIASTIC OVER THE NEW STATION OF KEY ROUTE.

GOLDEN GATE, July 1.—One of the most acceptable pieces of news that Golden Gate has received for a long time is the fact that the Key Route train, which has been running since the opening of the new station at Fifty-fourth street and Alameda street. The first train under the new schedule will stop today. Yesterday at the house of Mrs. Burns at 856 Fifty-fourth street, and under the shadow of the tower of the Golden Gate, the town was given a most interesting afternoon tea and celebration. The event was in honor of the first train stopping at this station. There was a profuse amount of decorations and tomorrow there will be a reception to the stopping of the first train. The ladies of Golden Gate citizens from every standpoint is highly commended and every innovation is received with much enthusiasm.

LANDSCAPE MOVIE.

Mrs. H. Lindquist, who has for some time resided at 1190 Powell street, is moving to her new residence on Adelphi street.

MISS KLINKNER RETURNS.

Miss Cora Klinkner, who has been absent for a few weeks at San Jose, has returned.

EUBANKS HOUSEKEEPING.

Mr. and Mrs. James Eubanks who were recently married have moved into their new home at 1025 Twelfth street.

NEW FAMILY ARRIVED.

A new family has moved into the house numbered 1050 Sixty-second street. The man is said to be a painter and paper hanger. He is not well known here, but those who know that a newcomer has come to town say that they welcome him for his choice of residence.

PADDOCK TO LEAVE.

T. S. Paddock, who has for the last few months been employed as a clerk at R. C. Truett's grocery, will leave the employ tomorrow. Mr. Paddock has proved to be very efficient in the charge of his duties and has made himself very popular with the trade. He will probably settle in Oakland.

HALLAHAN A CANDIDATE.

M. J. Hallahan, one of the best known politicians of the Fifth Assembly District, announces himself as a candidate for the Assembly. He is one of the best known politicians in this district, having been a resident for more than thirty years in the city. He is well known and is considered to be a good fellow, and is said to be a hard fighter for the cause.

NO SPECIAL NEWS.

ST. PETERSBURG, July 1.—The sum total of the special dispatches from the Far East appearing in this morning's newspapers is a number of belated, fragmentary accounts of the fighting at Dalu, which do not contain any further information than that the official dispatches already given out.

It is stated that 30,000 Japanese were engaged in the first day's fighting. The attacking force was composed of detachments from both General Kuroki's and General Oku's armies.

RHEUMATISM

JOINTS AND MUSCLES SWOLLEN AND STIFF

A disease so painful and far-reaching in its effects upon the human system as Rheumatism, must have a deep and well-laid foundation. It originates and develops in the blood, and, like other diseases of the blood, is frequently inherited. The poisonous acids which the blood is charged circulate through the system, breaking down the health, irritating the nerves, settling in joints and muscles, and causing the sharp, cutting pains peculiar to Rheumatism. Unless the blood is purified, joints and muscles become coated with the acid matter and are rendered stiff and sore, and the nerves completely wrecked.

Rheumatism, being a constitutional blood disease, requires internal treatment. Liniments, plasters and such things as are applied outwardly, give only temporary relief. S. S. S. is the recognized greatest of all blood purifiers and tonics, and in no disease does it act so promptly and beneficially as Rheumatism, neutralizing the acids and restoring the blood to a pure, healthy condition and invigorating and toning up the nerves and all parts of the system. It is guaranteed strictly vegetable. Write us should you desire medical advice, which will cost you nothing.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

LANGAN ISSUES STATEMENT.

COST OF SCHOOL BUILDING AT HAYWARDS TOLD BY CLERK OF DISTRICT.

HAYWARDS, July 1.—The following statement has been issued to the taxpayers of Laurel School District, concerning the cost of construction of the new school building:

Haywards, Cal., June 28, 1904. In view of the fact that on the 11th day of next month there will be held an election at the school house, in the Town of Haywards, when there will be submitted to the voters of Laurel School District the question whether or not the bonds of said district will be issued in the sum of \$6000, I have prepared the following statement of extra work and the cost of the new building:

Original contract price with W. W. Anderson	\$29,977.00
Original contract price with W. W. Anderson for heating and ventilating	5386.00
Extra brick work around furnace	112.00
Redwood trim around piano	275.00
Outside sheeting	675.00
Cement in the mortar used in walls	75.00
Angle-iron over basement windows	72.00
Boots and gliders in Assembly Hall	650.00
Under-flooring in all floors, halls and Assembly Hall	947.00
First-class floor in certain portions of building	287.00
Concrete work in basement	145.00
Flushing Assembly Hall	1193.00
Flank tank	15.00
Iron piping for fire protection	143.00
Glass partition of doors in outside doors	37.50
Change in library and change of wash bowls from upper stories to basement	96.01
Extra painting in Assembly Hall and basement and varnishing all entrance doors	47.00
Oiling floors and hall	150.00

Total cost of building...\$49,400.50

There is now on hand:

In the County Fund...\$2030.78

In the Building Fund...\$347.75

In the Library Fund...\$42.08

In the State Fund...\$77.16

The architect commissions, amounting to \$298.77, have been paid, the heating and ventilating plant has been paid for. There is still unpaid the sum of \$5500 to W. W. Anderson, the contractor and \$1200 to W. W. Morgan & Co. for extra brick work around the furnace.

It will require about \$1000 to furnish the new building with blackboards, about \$500 to dip, varnish and move the desks from the old building to the new; about \$225 for new desks for additional room, about \$250 for furniture for office and library, about \$250 for seats for the Assembly Hall; about \$400 to pay teachers salaries until next appropriation, \$7500 balance due contractor, \$125 balance due Mr. Morgan, and \$125 balance due Mr. Anderson.

We have on hand the total sum of \$6053.33 exclusive of Library Fund, which can be used only for the purchase of books, and the total amount required is \$7750. The Trustees have, however, concluded to let the Assembly Hall go unfinished for another year, and a part of the old blackboards, which will probably save \$500, and use the desks in their present condition, thus saving all about \$1800, so that the sum of \$6050 will carry us through until the end of the year when we hope to be sufficiently supplied to meet the requirements at that time. There may be a few small liabilities in the foregoing figures, but they are practically correct.

A meeting will be held at the Town Hall Saturday evening, July 2, for the purpose of discussing the necessity of voting for the bonds.

June 22, 1904.

Yours truly,

"G. S. LANGAN,"

"Clerk Laurel School District."

ITEMS OF INTEREST.

Amos, a young man of Fresno, is in town visiting friends.

Next Sunday the Originals will play the Harvey and Darrux nine, from San Francisco. A good game of ball is promised.

The Women's Improvement Club met recently and formulated plans for a number of important improvements. No doubt the next few months will give evidence of the most efficient work that is being done by this organization in the line of advancement.

On the Fourth of July the Originals and Livermore crossed bats and a splendid game is anticipated.

James Adams was arrested yesterday for the purpose of discussing the necessity of voting for the bonds.

He was sentenced to ten days imprisonment.

ELMHURST NEWS.

Notes.

MATTERS OF GENERAL INTEREST—PERSONAL AND SOCIAL.

ELMHURST, July 1.—The office of the Elmhurst Realty Company has been thoroughly renovated and now presents a very neat appearance.

VISITORS.

W. H. Pollard, of Fresno, is a visitor here. He will probably remain for a considerable length of time.

J. E. Thomas, of Oakland, was in town yesterday on business.

FAVOR PROJECT.

It is said that the majority of the citizens here are in favor of the proposed high school movement, and a large number will probably attend the meeting at Dewey School next Tuesday evening, which will be held for the purpose of considering the project.

RETURNED EARLY.

The party of young country campers who left for Santa Cruz to spend a month, returned within a week, much to the surprise of their friends.

NO DELIVERY ON THE FOURTH.

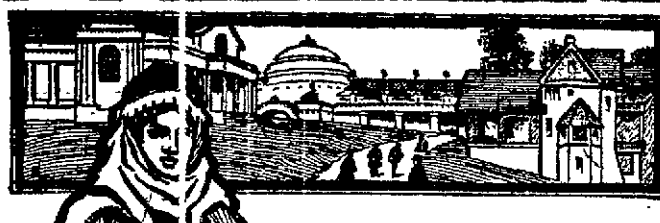

There will be no rural mail delivery on the Fourth of July in this place, in accordance with order of the Postmaster-General.

The postoffice will be open only from 7 a. m. to 9 a. m. and from 4 p. m. to 5:30 p. m. during the day.

KILLS HIS WIFE THEN SUICIDES.

NEW YORK, July 1.—After a separation of a year and a half, Lester May, formerly connected with a Brooklyn newspaper, has killed his wife and committed suicide at Ocean Grove, N. J.

Mrs. May had been living with her mother and was walking toward her

I spend no golden gravel
On your dusty furrow track.
On bargain sale excursions on a bike,
But the dirt is swiftly near.
When I'll be best dressed again—
At 4 I reckon you can find me on the Pike.

home with her four-year-old child when she encountered her husband. Words were exchanged. May suddenly drew a pistol and fired, the bullet piercing his wife's head. He then turned the weapon on himself, placing the barrel in his mouth. Both died instantly. May's parents, who reside in Brooklyn, recently learned of their son on account of his irregular habits.

STUDENTS FOR THE WHEAT FIELDS.

NEW YORK, July 1.—Having been accepted by the State Free Employment Bureau, forty men have started for the wheat fields in Kansas and Nebraska, where harvests are waiting for the reapers. Several college students are already on the way and another party is being formed.

According to the labor bureau the college student is in demand in the harvest field, those who went last year having returned and income far beyond men who had been accustomed to hard labor.

It is announced that the Russian losses up to date amount to over 5,000 men. Moscow's strategy is an expensive thing.—New York Evening Sun.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair. The only way to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide kills the dandruff germ, leaves the hair free to grow as healthy. Nature intended. Destroy the cause, you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Bowmar & Co., Special Agents.

SUMMER RESORTS.

TUSCAN

Mineral Springs, open the year round. To whom it may concern. A year and three months ago I was attacked with that terrible disease, locomotor ataxia. Power to balance, stand or even sit down entirely lost. Two best doctors of San Francisco and Hot Springs, Ark. failed to help me. My stomach, bowels and kidneys failed to work. I had catarrh of stomach, head and bladder as a result of the disease. These troubles became chronic. At times my heart would beat like a drum, my eyes grew weak, my memory faded, my nerves were wrecked. Three months ago I went to Tuscan Springs. What happened since was a pleasant surprise to me. Drink the waters, took the baths, ate and drank the food. My stomach, bowels, bladder and kidneys in perfect condition eyesight perfect, nervous system good, memory good. After three months' treatment walked without cane, with eyes closed and up and down steep hills, am cured of this dread disease, now walk with slight limp. Have luncheon in seventeen towns of the State of California; am well known in downtown districts of San Francisco; in inquiry there will prove truth of my statement. Condition three months ago. Further information address Louis Jacobs, 600 Broadway, San Francisco. Round trip tickets at reduced rates. Southern Pacific. TUSCAN MINERAL SPRINGS CORP., Tuscan, Cal.

PER CAPITA TAX REDUCED.

TWO AND A HALF CENTS FOR WOMEN MEMBERS OF UNIONS.

At the meeting of the Miscellaneous Trade's Council last night a final vote was taken on an amendment to the by-laws providing that the per capita tax upon Women members of affiliated unions be reduced to 2 1/2 cents from 5 cents per member. The amendment carried.

J. Schnitzer of the Typographical Union was seated as a delegate. H. A. Kietzler having resigned.

Con. Grow of the Stage Employers' Union was elected to fill the vacancy on the executive board caused by the resignation of F. Casey.

A communication was received from the International Watch Case Engravers' Union requesting union men to look for the label, a double crown, upon watch cases, when purchasing timepieces.

A communication was received from the International Carpenters' Union, notifying the Council that Rochester, New York, clothing is unfair.

CHARTER WILL BE GRANTED.

The Brotherhood of Lumber Handlers received assurance last night that their charter will be granted and that it will be received within the next two weeks.

Three candidates were inflated and seven applications placed on file.

Prospects for the season's work are very good and nearly all the men are employed.

BUTCHERS ELECT.

At their last meeting the Butchers' Union elected officers as follows: President, Henry Schaffner; vice-president, Henry Roush; corresponding secretary, J. Ehrhardt; financial secretary, Carmel Schlette; sergeant-at-arms, J. Klambt; guard, J. Turner; guide, J. Thacker; trustees, H. Bergman, J. Richardson, P. Wulter; delegates to Packing Trades' Council, Messrs. Richardson, Behrman, McGovern; delegates to Provision Trades and Labor Council, Messrs. Richardson, Darte, Behrman.

One application for membership was received and business in the co-operative markets is reported excellent.

LONGSHORE LUMBER HANDLERS.

An installation of officers is to be held at a special meeting called for Thursday next.

There are strong indications that peace will be made between the two water front unions that have been at outs for some time. It is believed that a change of policy will result from the change in officers.

STARR KING'S WIDOW IS DEAD.

SAN FRANCISCO, July 1.—After an illness of four months Mrs. William Norris, the widow of the famous divine, Thomas Starr King, passed quietly away yesterday. Mrs. Norris was at once time held the most beautiful woman in Boston where she was born and where she was a leader of the literary cult in the '50's. Her salons were honored with the presence of such names as Longfellow, Lowell, Emerson and Edward Everett Hale. Her beauty and her brilliancy of intellect made her a special ally for devoted friends.

She came to California with her first husband, the famous clergyman in 1860. In San Francisco, in his native city, her graciousness and charm gathered a host of friends about her.

After the death of Rev. Starr King, the widow married William Norris, her first husband's most intimate friend. Mr. Norris died about four years ago. Up to the time she was smitten by the illness that proved fatal Mrs. Norris was known as a hospitable and gracious hostess. She leaves one daughter, the first marriage, Mrs. Horace Davis.

MRS. LESLIE CARTER AT THE GRAND.

Mrs. Leslie Carter, recovered from her severe illness, reappeared last night at the Grand Opera House in "Du Barry." The audience was quite large, considering the uncertainty of her being able to play, and they gave her a sympathetic reception. She played with plenty of spirit and animation, and the elaborate production, produced once again, made a strong impression. Mrs. Carter will be seen tonight, tomorrow matinee and evening, after which she starts off on her return Eastward.

James Neill will begin his starring season on Sunday afternoon in "Barbara Frietchie."

SAYS HE DROVE A HORSE TO DEATH.

Charles Weintraut, residing at 88 Bay street, has been arrested on complaint of Louis Schaffer, proprietor of the Fashion Stables, who charges that Weintraut drove one of his horses to death. Schaffer swore to a complaint which alleges cruelty. Weintraut's trial has been set for July 6th.

EXPLAINED.

Teacher—Can any little boy tell me how it was that David prevailed against Goliath?

Pupil—My pa, says brute strength never is in it with a peck: full of rocks.—Boston Transcript.

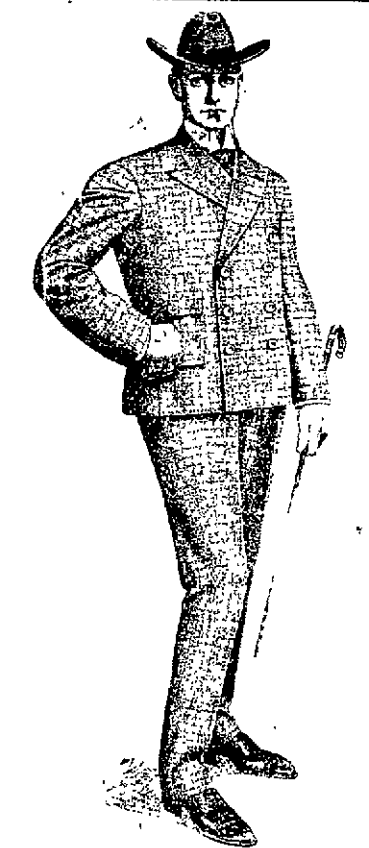

MADE IT WORSE.

"Mamma, mother whipped a boy today for whistling in school." "Well, that was right." "But, mamma, he whistled ten times as loud as he whistled before."—Exchange.

TEA

The indulgence in tea is so very slight, that the pleasure escapes attention, unless one waits a bit.

OAKLAND'S BEST DRESSERS BUY HERE.

Two Suits To Suit Not Law Suits

THE BEST CLOTHES SHOP

Of the many different suits of clothes that were worn in the Eastern cities, this season, two in particular were more popular than all others. We bought and sold many of them, but we purchased too many. Now, in order to close them out we place a special price on them and know by Saturday night they'll be gone—all sizes now. Both are of the fashionable DOUBLE-BREADED coat style. One is made of a gun-metal gray, German worsted material, well tailored as is all THE BEST CLOTHES SHOP'S suits, the very best of trimmings and made as they should be. The other—a butter-nut brown, double and twist chevrot with a large broken plaid that gives the suit a STUNNING EFFECT.

We have seen these two suits displayed elsewhere at \$22.50 and as usual, our price was \$20.00 and for Saturday buyers, they go to close at the special price of

16.35

TELL THEIR TROUBLES IN DIVORCE COURT.

Jack London Denies His Wife's Charges—Actor Clarke Divorced—Many Separations.

Jack London, novelist and war correspondent was discerned among the hurrying and bustling crowd of passengers on the Korea yesterday. He was utterly ignorant of what had occurred during the past few days with regard to his personal affairs. He looked natural with the exception of the brownish hue which his face showed from the Korean sun.

He spoke freely of the various ways in which the Japanese had managed to prevent his getting hold of any reliable news, and was firm in his opinion that the Mikado's men would meet with a crushing defeat at the hands of the Muscovites ere long.

When shown the newspaper clippings which regarded the suit, he was not at all surprised, but when he saw the coupling of Miss Anna Strunsky's name with his, he waxed indignant.

"That is pure, sheer rot," he said. "I cannot imagine how such a report has originated. It seems hardly probable that my wife has started it, for she knows it is absolutely untrue. Outside of the time that we were grouped together as collaborators on the 'Kempson-Wace Letters,' I have seen very little of Miss Strunsky, as she and I have been away from San Francisco a great deal. We have not even corresponded, except on matters relating to our book."

"Mrs. London and I agreed to separate a year ago, and as we have not been living together during that time, I am not surprised to know that she wishes to make the separation final. I do not care to discuss the alleged charges, but I hardly look like a man who would be cruel to women, do I? However, we will let that pass. The only feature of the case that stirs me up is that Miss Strunsky's name should be mentioned in connection with it, as she is an extremely sensitive woman, and I feel sure that this has made her state of mind most unenviable."

London accompanied the Japanese army as far as Feng Wang Ching, Manchuria, where the correspondents were held more than a week. He said the opinion was general among his fellow newspaper men that General Kuropki's army was meeting with such determined resistance that it was impossible to advance.

When told of the stories of Japanese atrocities in Manchuria and the favorable impression that was growing among the American people with regard to the bravery, strategy and military discipline of the Nipponese, London laughed.

"It is only natural that you should receive favorable reports from the front," he said. "To begin with, unless one praises the Japanese in one's reports the military censor is very liable to toss the dispatch into the waste-paper basket, while reverses to their arms are not allowed to be sent at all. Consequently one hears little but good about them. Personally, I dislike their methods of procedure very much, and I do not think there is one foreign correspondent with the Japanese forces who will say a kind word for them after he is out of their clutches."

After passing through the hands of the customs officials, London left for his home, 1216 Telegraph avenue, this city.

AN ACTOR DIVORCED.

NEW YORK, July 1.—With her twin sister, Miss Adelaide Deming, as one of her witnesses, Alice Deming Clarke has just obtained from the Supreme Court an interlocutory decree of absolute divorce from Harry Corson Clarke, the actor. The Clarkes were married at San Francisco on February 9, 1898, and shortly after came here to live. It was while Clarke was stopping at the Hotel St. Andrew in August, 1897, that one of the chambermaids made a discovery that helped Mrs. Clarke to get her in-

terlocutory decree. A woman co-spondent was mentioned in the suit as "Miss Hathaway." Mrs. Clarke also charged that her husband had been unduly intimate with Margaret Dale Owen last March at Seattle, Wash. Clarke denied the charges, but did not defend the suit when it was put on trial.

Mrs. Clarke will have to wait for three months before she can get her final decree.

Miss Adelaide Deming was once engaged to marry Robert Mein of Oakland. The engagement was broken and she went East.

HIS WIFE DESERTED.

SAN FRANCISCO, July 1.—William T. Ebbs, an actor, now with the Morosco-Nel company, was granted a divorce from Martha Jane Ebbs by Judge Graham yesterday on the ground of desertion. Mrs. Ebbs is known on the stage as Martha Devereux, and the summons in the divorce suit was addressed to her at Manhattan, 688 East One Hundred and Thirty-eighth street, New York city. She and Ebbs were married at Boston in 1894, and have been separated since 1895.

ACCUSED OF CRUELTY.

SAN FRANCISCO, July 1.—Harry M. Martin, a clerk in the Postoffice, is accused by his wife, Nellie Martin, of treating her brutally. She sued him last year for a divorce on the ground of cruelty, but became reconciled to him. Yesterday she began a new divorce suit, he having beaten her several times in the last few months. They went to El Varano about two weeks ago, and she says that he drank to excess there and assaulted her when intoxicated. On June 20th he threw her on the floor and kicked her, on June 25th other guests at the hotel rescued her when she was being attacked by him, and on June 28th he attempted to throw her from the second story veranda. Martin has been employed for some time as a clerk out of the bank where he and his wife have a deposit of \$1200. Mrs. Martin was married before, and has two children named Hesketh. She was married to Martin in 1894.

CLARKE MARRIES AGAIN.

SAN FRANCISCO, July 1.—Edward K. Clarke, whose midnight marriage last December to the "sweet-pea girl" in Oakland caused a newspaper scandal and resulted in a judicial annulment of the union on the plea that "he was drunk when he did it," has married a French woman, and has pleased his grief-stricken mother into believing that he has at last finished sowing his wild oats and means to hold the reins of matrimony in his younger brother's saddle in a Paris hotel a few weeks ago.

The groom is about 42 years old and is the son of the late Jeremiah Clarke, a prominent San Francisco merchant, who left to his wife a fortune, now worth considerably more than \$100,000, in large holdings of income-producing realty in San Francisco. Two sons and two married daughters comprised the family. Each of these children was supposed to have property worth about \$70,000 with their wealthy mother helping out whenever their dowries proved insufficient to their tastes. But when the "sweet-pea girl" was fighting Clarke's plea for an annulment and was demanding big counsel fees and temporary alimony, evidence was offered to prove that "Ed" Clarke's mother had died, and that \$108.55 a month and that he could not afford to give this champagne-contra- wife all she demanded.

Two years ago Clarke's first wife died. She was a San Francisco girl. They had been married five or six years. To forget his sorrow the widower took to travel, and went to Europe and spent much of his time in France. While there during most of last year he met the woman who is now his wife. Then he returned to San Francisco and last December struck the tenderloin to begin with a rush. "While on one of his blarney times he met 'the sweet-pea girl,' who

was then an inmate of a Sutter street resort in the red-light zone.

DID NOT LIKE HER.

SAN FRANCISCO, July 1.—Mamie Hinkel was divorced from Harry C. Hinkel by Judge Graham on the ground of desertion. "He left me just because he didn't like me," Mrs. Hinkel said. Hinkel, it is stated, owns the property at the northwest corner of Post and Divisadero streets and that at the southwest corner of Webster and California streets.

DIVORCE DIFFICULTIES.

Difficulties are beginning to confront those persons who obtain final decrees of divorce about a year ago, while they should have been granted interlocutory decrees of divorce, that would have become void in a year. From an intimating given by Judge Grene yesterday in the case of Mrs. S. A. Smith against T. H. Smith, it would appear that those who were given final decrees are not now legally divorced, but in at least one interlocutory decree and will another year for them to take final effect. In the case of those who are married after obtaining a final decree, the children born after the law suit are not valid, and the parents become madly jealous. The further difficulties are presented in the cases where children have been born of the same unions.

While considering the Smith case yesterday Judge Grene said that according to the law, the final decrees granted after the law suit in effect were voided, and the parties were not divorced, but the law is being construed for the present to permit only interlocutory decrees to make the separation legal, notwithstanding the fact that the Court has already determined in the original decrees that divorces were warranted by the evidence.

In the Smith case there is a saving clause that may entitle Mrs. Smith to a final decree without waiting another year. She was granted a final decree on June 29, 1902. In the decree, granted by Attorney Richard Lloyd, it was stated that the divorce "ought to be granted."

Judge Grene, in considering the question, if that clause may be construed as being equivalent to the granting of an interlocutory decree, if it is so construed, Mrs. Smith is entitled to a final decree at the present time. Her husband was a traveling salesman. Desertion was the only ground.

The new divorce law providing for the granting of interlocutory decrees went into effect August 1, 1902. Many of the Superior Judges brought this case to the attention of the Supreme Court, however, held that the law was unconstitutional and continued to grant final decrees of divorce. The law was subsequently tested before the Supreme Court and upheld.

SHE WANTS SUPPORT.

CHICAGO, July 1.—Sidney C. Love, the well-known broker and horse show exhibitor of Chicago and New York, has been sued for separate maintenance by his wife, Minerva C. Love, equally well known as a whip and society favorite.

This is the culmination of domestic troubles which have been going on since when a story was published a year ago that the prominent stock broker and clubman had started a suit for divorce against his wife. The story was denied, but they have not lived together since, and the trouble is in the courts at that time.

They were married October 29, 1900, and separated August 1, 1902.

Mrs. Love's suit was brought today in the Circuit Court and the wife in support of her plea charges extreme and repeated cruelty and is forth a story of domestic infidelity which is highly sensational.

That she has been driven to penury and forced even to sell part of her wardrobe, and that her husband on one occasion "beaten her in the dock," bruised and maltreated her and deprived her of all her clothing, she among her charges set forth in the bill.

The complainant asserts that her husband has threatened to sell all his property and asks an injunction to prevent such a sale.

Mrs. Love declares she was always a true and devoted wife, but that her husband married her for her money and intended to treat her as a slave after their marriage.

WIFE IS BR/VE.

SAN FRANCISCO, July 1.—While Jas. Durkin and Frances Starr are speeding toward the East, a broken-hearted but brave little woman makes her preparations to return to her home in East Liverpool, Pa. Miss James Durkin, whose happiness has been spoiled by the infidelity of her husband, left this morning at 10 o'clock for the East. She carries with her the sympathy and good will of many friends.

"This disgrace," she said yesterday, "was unavoidable, but this is passed, and now I will try bravely to look the future in the face. After what has occurred a reconciliation is out of the question. Before taking further steps I must consult my parents. I do not know that I shall ever come to San Francisco again, but I leave many friends here who will be in my trouble, and wish to thank them all."

Fresh Cut Flowers

Every day, made up in bouquets and designs at short notice by the Piedmont Floral and Seed Company, Phone 604, store, 1217 Broadway.

AT THE LIBERTY.

There are few chances when theater-goers and lovers of clever acting have such an opportunity of witnessing a play such as is now being enacted on the stage of the Liberty Playhouse. The play is one of the oldest that has ever been presented and still retains that first glow which welcomed it as a primary success. The play is called "The Silver King," and from every detail is found something to give the audience. There is not a superfluous line in the manuscript, not a piece of unnecessary acting, not a faulty criticism to make.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness or stomach upsets. Electric Bitters will quickly dismember the troubles, regulate the liver and clarify the blood. Run-down systems, indigestion, constipation, the usual attending aches and pains, its searching and thorough effectiveness. Electric Bitters is only 50c, and that is returned if it does not give perfect satisfaction. Guaranteed by Osgood Bros., Seventh and Broadway, druggists.

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you.
